

## HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with

## ROYAL YEAST CAKES

should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.

Made in Canada.

ELLIS ISLAND NOW  
URGED FOR CANADA

Figures Show Immigration Needs Attention, As Delinquents Largely Foreign

Toronto, Nov. 22.—The first care in the selection of the immigrant should be exercised in his native land and before he embarks upon the voyage," states Prof. W. C. Smith, who has made an intensive study on the subject of immigration at the request of the Canadian National Committee for Mental Hygiene.

Prof. Smith advocates the erection of a large immigration station, suitably staffed by officials competent to examine emigrants, along the line of the building at Ellis Island, New York. He points out that prior to the war immigrants arrived in Canada at the rate of 1,000 a day. The staff should include physicians, psychiatrists, industrial inspectors and interpreters. He states that two examinations would be preferable, it being better to bear that expense "than to allow persons suffering from contagious disease, insanity, mental deficiency to add to their misery by the trying experiences of a long voyage and then to be rejected or deported."

Canada's Big Immigration.  
The importance of the subject is demonstrated by the fact that in twenty years 3,421,989 persons have entered this country, thus increasing the population by nearly sixty-four per cent.

Of special interest is the relation found to exist between immigration and crime. Tabulations of the ratio of criminals for the year 1911 to the number of males 21 years and over showed that the average for foreign-born was 14.5 per 10,000; for British-born, 7.5, and for Canadian-born, 7.9. "Hence the foreign-born are almost twice the ratio of the British-born and twice the ratio of the Canadian-born, while the Canadian-born are slightly lower than the total British."

## Figures on Defectives.

Regarding defectives of foreign birth Prof. Smith states: "Of 12,000 pupils examined in a number of public schools in Toronto during 1919 there were 173 children found mentally defective. It would look as if, on the same percentage, there were the possibility of 10,000 defective or feeble-minded children in the Province of Ontario. Since of the 173 children diagnosed as mentally defective 60 per cent. were reported to be of non-Canadian birth, the burden laid on the Province by the immigrant seems considerable."

In 1911 of 346,523 men of 21 years and over, aliens by birth, barely 40 per cent. became naturalized citizens. Since 1906 about 18,000 Japanese have entered Canada. Only about one-fifth took out naturalization papers. There has been since 1908 a decrease in Japanese immigration, by virtue of an agreement between Japan and Canada limiting the number of passports to about 400 annually. Of the 33,036 Chinese to enter Canada since 1900, only one in ten became naturalized."

Only 300 of more than 3,700 New York physicians holding licenses to prescribe whiskey have applied for renewal of their permits. Prohibition officers say doctors are finding other medicines more effective than liquor.

## Why Teeth Stain

You leave a film-coat on them

Most teeth are dimmed more or less by a film. Smokers' teeth often become darkly coated.

That film makes teeth look dingy, and most tooth troubles are now traced to it.

Millions now combat that film in a new, scientific way. This is to offer a test to you, to show the unique results.

## You must end film

The film is viscous—you can feel it with your tongue. It clings to teeth, enters crevices and stays.

Ordinary brushing methods leave much of this film intact. So millions find that well-brushed teeth discolor and decay. You must attack film in a better way, else you will suffer from it.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

A scientific film combant, combined with two other modern requisites. Now advised for daily use by leading dentists everywhere. Supplied by druggists in large tubes.

## VENIZELLOS MAY

## QUIT POLITICS

Ex-Premier Despondent Over Defeat in Greece, Says His Son

Paris, Nov. 22.—Former Premier Venizelos of Greece is despondent over his defeat at the polls November 14 and may retire permanently from politics. In any event, he will await definition by the powers of their attitude toward Greece, said Sophocles Venizelos, son of the former Premier, to Paris correspondents in Nice this morning.

"My father is disgusted and is despondent," said the young man. Reasons for the defeat of the Venizelos party which had been reported from Athens were confirmed by young Venizelos. He said the Venizelists thought they had won, even when they were hopelessly beaten, because the royalists had adopted the ruse of going to the polls wearing Venizelist badges.

## SANG NATIONAL ANTHEM.

Prince Rupert, Nov. 22.—Despite the refusal of Joe Kavanagh, a Labor leader, at a political meeting here last night in support of J. H. Burroughs, Socialist, to countenance the singing of the National Anthem, a group of returned men, led by J. H. Kenny, sang it, and many other members of the audience joined in.

## A Gift

A 10-Day Tube of Pepsodent is sent to all who ask. See coupon.

## Efficient ways

Dental science, after painstaking research, has developed effective ways to fight film. The world's highest authorities now approve them, after careful tests.

These ways are combined in a dentifrice called Pepsodent. And leading dentists everywhere now advise its daily use. A ten-day tube is being sent to everyone who asks.

## Watch these new effects

One ingredient is pepsin. One multiplies the starch digestant in the saliva to dissolve the starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids as they form.

Two factors directly attack the film. One keeps the teeth so highly polished that film cannot easily cling.

Pepsodent has brought a new era in teeth cleaning. It fights the tooth destroyers as was never done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-coat disappears.

You will always brush teeth in this new way when you watch the results for a week. Cut out the coupon now.

UNITED STATES NOW  
MUST HUSBAND OIL

President of Standard Co. Says Rest of World Must Help Meet Shortage

Washington, Nov. 22.—The American petroleum industry must look to the future to foreign countries for its raw material, and can not "close its eyes to a portent of obstruction that looms in its way," due to the attitude of foreign governments, Walter C. Teagle, president of the Standard Oil Company of New Jersey, told the American Petroleum Institute here.

"Certain governments, their realization of the importance of petroleum quickened by the war, are not only essaying to enter the oil business themselves, but also directly to engross the sources of supply and reserve the development of such sources to their own citizens, companies and capital," he said. "The speaker classed these efforts as tending to the 'establishment of a system which we believe unjust, injurious and unwise.' He mentioned England, France, Japan and Mexico in connection with his presentation of the situation."

Essentially, Mr. Teagle said, the American industry has to face the problem of production. During the present year, he estimated the United States would consume 445,000,000 barrels of crude oil produced within the nation and import 120,000,000 barrels additional from Mexico.

"These figures matter little but the tendency is all important," Mr. Teagle said. "It emphasizes the relatively smaller part our home production is going to play in the future."

Quotes British Argument.  
"Our British friends, in endeavoring to explain the position their government has taken since the armistice, have argued that as the United States is now supplying 70 per cent. of the world's current production, we should be well content with things as they are. This is an entirely fallacious view. It is reasonable to ask that Americans go needlessly on to the quick exhaustion of their own supply and then retire from the oil business." The American petroleum industry cannot accept this conclusion. It must look to the development of petroleum outside the United States.

"What we are now obliged to consider is the fact that by the policy of government control and restriction, the oil industry has been injected into international politics, where, as occasion arises, the influence of the past year compel us to believe, the rule of 'open covenants, openly arrived at,' has fallen into a state of deplorable neglect."

Russia, Mr. Teagle said, has "gone wholeheartedly into the oil business," and fields which produced 6,000,000 barrels under private management in 1915 produce 14,000,000 in 1919. "Under 'special privileges' not direct government management has given or will give the people of the world the production desired," he added.

Questions Recent Age.  
As examples of "foreign governments" deliberately placing obstacles in the way of those who would like to assist in the development of new sources of supply, Mr. Teagle cited the San Rago agreement, "proposing a division of Mesopotamia and other Near East territory between the British and the French," and "tripartite agreement" recently entered into between Great Britain, France and Italy defining spheres of influence in Turkey, "which is susceptible of diplomatic inquiry as to its true meaning."

"You know that Persia is almost entirely limited to the development work of an English company," he continued, "that a Dutch company enjoys almost complete monopoly in the Dutch East Indies; that Japan restricts development of petroleum properties to her citizens; while the French provide for complete nationalization of all mineral resources."

"The petroleum question constitutes one of the most acute factors in the Mexican problem, though a confiscatory programme has as yet failed of more than partial success."

Pointing that the United States had never limited aliens in exploiting oil resources within its territory or reserved subsoil rights in privately owned land, Mr. Teagle said it "might be forced as a matter of necessity self-protection, to consider the adoption of measures reciprocally to conserve its petroleum resources for its own people, and stop the supply of present day petroleum products to other nations."

"It is to be hoped that the United States never will be forced to such steps," he concluded. "We do not believe it will be necessary. The world is too anxious for petroleum. This it can obtain only if there be maintained everywhere a free and fair field to all, with special governmental favor to none."

The petroleum industry has nothing to fear from the government or the people if given a hearing, Thomas A. O'Donnell of Los Angeles, president of the Institute, declared today.

Officers said the meeting was the first attempt of representatives of conflicting interests in the petroleum industry to get together for a discussion of their problems.

Speakers emphasized the need of co-operation in conserving the world petroleum supply and predicted an oil famine unless greater efficiency was shown in handling the product. The activity of European nations, particularly Great Britain and France, in insuring for themselves a supply of petroleum was mentioned as a possible menace to the future supply of the United States.

SINN FEINERS IN  
STATES THREATEN  
BRITISH CONSUL

San Diego, Cal., Nov. 23.—A threatening letter was received yesterday by Major H. D. Gerrard, British Vice-Consul in San Diego. It was signed "Amalgamated Irish Societies of America, J. V. O'Connell," and said that "For every man, woman or child who is murdered three Englishmen in this country will pay the penalty."

"There's a lady up in front who wants to buy an Oriental vase," said the curio-dealer's assistant. "Does she look as if she had money?" "Yes, but she doesn't look as if she'd had it long." "Good. I'll wait on her myself," Birmingham. Am. Assn. Herald.

NERVES ALL  
GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration

R. R. No. 4, Gilbert Plains, Man. "In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds."

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives."

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without "Fruit-a-tives" in the house." JAS. S. DELGATY.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent, postpaid by Fruit-a-tives, Limited, Ottawa.

## APE-MAN SEARCH

## PARTY STARTS SOON

Missing Link to Be Sought in Fast Disappearing Tribes of China

Toronto, Nov. 22.—The expedition headed by Roy Chapman Andrews and sponsored by the American Museum of Natural History, which will set forth for China next February, is to make searches not only for fossils of the pre-historic ape-man, regarded by biologists as the missing link in the chain of humankind's evolution, but will make special studies of the aboriginal tribes fast disappearing from far inland China.

"We know as little about some of these living natives as we do of the fossil history of that strange country," says Mr. P. A. Jacques, of Trenton, N.J., who is to accompany Mr. Andrews as first assistant, and who has been spending a few days at the Hotel Edward here. "Long before the Chinese arrived here (and that was some time ago) China was peopled by these aboriginal tribes, which were pushed south and west, as our Indians were driven westward, by white civilization, advancing across the African continent. Remnants of nearly thirty of these tribes, such as the Lolos, Mosos, Lissos and others, are rapidly disappearing, and the expedition hopes to study them before they become extinct."

Speaking of these aborigines, with whom the expedition is to search for the missing link, Mr. Jacques describes them as totally unlike the typical Chinese—tall and slender, with long faces, patrician noses, and dark, wavy hair, and a distinctive of a Caucasian blood strain.

## Prehistoric Man.

Mr. Jacques says that scientists now are agreed that the oldest prehistoric remains of man and of many beasts lie somewhere "within" the Great Central Asian Plateau, where few white men have penetrated. One reason that so little is known of Chinese fossils and those of interior Asia is that treasure trove of such soil is carefully concealed by the Chinese, who term the relics "dragon's bones" and use them for occult and medicinal purposes. Whether success or failure crowns the attempt to find the "missing link," hundreds of thousands of specimens of Asian animal and plant life are to be collected and brought to America, later to be placed in the proposed million dollar Hall of Asiatic Life in New York city.

Incidentally the Andrews' expedition will secure specimens of the unique animal life of the Gobi Desert and the eastern Tibetan steppes—the Gobi horses, great yaks, snow leopards and giant pandas. Search is also to be made for the takin, a strange ox-like creature, intermediary between antelope and goat, found in the secondary Himalayas, and covered with the veritable "golden fleece," of which the Russian Galtzer told on emerging from his long detention in Tibet.

Headquarters for the Andrews' expedition are to be established at Peking. The work is to continue five years.

Magic "Nerviline" Cures  
Toothache, Earache

## IT RELIEVES EVERY EXTERNAL PAIN.

Cures Colds, Coughs, Sore Throat, Tight Chest and Hoarseness.

It's when sickness comes at night, when you are far from the druggist or the doctor, that's when you need Nerviline most. Experienced mothers are never without it. One of the children may have toothache. Without Nerviline—a sleepless night for the entire household. With Nerviline the pain is relieved quickly. It may be earache, perhaps a stiff neck, or one of the kiddies coughing with a bad chest cold. Nothing can give quicker results than vigorous rubbing with this old-time family remedy.

Nerviline is too useful, too valuable to be without. Fog, lumbago, lame back, sciatica or neuralgia there is no liniment with half of Nerviline's power to penetrate and ease the pain.

As a family safeguard, as something to ward off sickness and to cure the minor ills that will occur in every family, to cure pain anywhere, you can find nothing to compare with old-time Nerviline, which for forty years has been the most widely used family remedy in the Dominion. The most economical size is the large 50c. family size bottle, small trial size 25c. All dealers sell Nerviline.

"What a cheerful woman Mrs. Smiley is!" "Isn't she? Why, do you know, that woman can have a good time thinking what a good time she would have if she were having it."—Tit-Bits.

**HELP THE RED CROSS.**

It is difficult for the average individual in this land of health and plenty to visualize a vast continent in the throes of famine and disease. Yet there is a great typhus spot in the centre of ravaged Europe which threatens to number its victims by the hundreds of thousands. Scarcely a town or village in Poland and Southern Russia has escaped, and from its huge centre of infection the disease is carried westward by an unending stream of immigrants. In the meantime the wail of little children and the cry of stricken men and women go out to the world. It is this appeal which has stirred the Canadian Red Cross to a revival of its practical interest in suffering humanity. And to remind the people of Victoria that their aid is needed is to bespeak a generous response.

**THE BY-ELECTIONS.**

The result of the Federal by-elections yesterday leaves the Union Government with one less supporter in the House. Mr. McKelvie, candidate in Yale, was a victor over Col. C. E. Edgett, Independent candidate, by a majority of four hundred, a rather strong showing in view of the fact that his opponent made a special appeal to the Farmers, Liberals and Returned Soldiers.

The Government, however, is particularly disappointed in the case of East Elgin, where the Farmer candidate defeated his Liberal and Unionist rivals, although he did not receive a clear majority.

This campaign was conducted with great intensity as it was regarded by the Government as of special significance, indicative of the strength of the United Farmer Party of Ontario in the Federal field. Premier Meighen and other Ministers took part in the campaign, while Hon. T. A. Crerar, leader of the United Farmer party, and Hon. MacKenzie King, leader of the Liberals, championed the cause of their respective standard bearers.

The result is a victory for Hon. Mr. Crerar and his party and seems to foreshadow an exceptionally strong showing by the United Farmers of Ontario in the next Federal contest.

**INDUSTRIES.**

Opposition speakers and candidates are beginning to realize the poverty of their argument. One of the novelties trotted out at various public meetings is the charge that the Oliver Administration established its Department of Industries under pressure from the returned soldier organizations. The Leader of the Opposition and his cohorts know that the suggestion is a gross misrepresentation of the facts. Were they honest they would tell the whole story. They would say that the Oliver Administration always has been amenable to any proposal that would assist the returned man to civil life. They would tell the electorate that the Government of this Province created an example for the rest of the country by adopting a plan to help the former members of the C. E. F. at a time when the economic condition of the Province was not as favorable as it might have been. They would tell the electorate that the Dominion Government allowed thousands of returned men to travel free to British Columbia and then refused to recognize their special care and rehabilitation as part of the national obligation. They would tell the electorate that the Oliver Administration had due regard for the best interests of civilian and veteran population by urging the federal authorities to do their duty by the returned men. They would tell the people finally that Mr. Oli-

ver did Sir Robert Borden's job. His Government stepped into the breach, established its Department of Industries and borrowed the money for the purpose. And still Mr. Bowser condemns the borrowing.

**A REAL TEST.**

Just at the time when the Government of Armenia has yielded to pressure from its Bolshevik wing it is fitting that the League of Nations should take the initiative and create an armed force that will command respect from all the elements which have come to regard this unhappy land as legitimate prey for every sort of military adventure. Appropriate action should follow the resolution presented by former Premier Viviani of France yesterday. Much time should not be required by the League Council in conferring with the various powers. A prompt and effective understanding should be feasible. A good deal of the scepticism of those who look upon the international tribunal as a joke would disappear in twenty-four hours after the dispatch of an international force to any of Europe's danger spots. And if the League needs advertising, it can get returns by delivering Armenia from the brigands who have ravaged her.

**IRRIGATION PROBLEMS.**

To the people at the coast the difficulties of water supply in the dry belt are not as readily understood as matters of more general concern. On that account it is timely to point out to the electorate that the Oliver Administration has succeeded in applying a policy in the Okanagan Valley and other arid localities which has removed a large crop of very serious disabilities. In the days of the old regime a number of companies obtained choice orchard land and established irrigation systems. The sale of property involved the obligation to supply it with all the water it required. In many instances fabulous sums were asked and paid. In nearly every case the water supply was not maintained and the land became useless. This was the condition with which the Oliver Government was faced. It caused an investigation to be made and upon its conclusion the Minister of Lands was able to recommend to the Legislature the establishment of a Conservation Fund—not to bring the defaulting and profiteering companies out of the hole, but to protect and aid the actual producer. It has worked excellently and in those cases where it has been deemed advantageous to assist the original concern that course has been followed. But the Bowser Party would continue to nurse the speculator and let the water user go hang. Not so the Oliver Administration.

**HIS RESPONSIBILITY.**

Mr. Bowser disclaims all association with the collapse of the Dominion Trust Company.

As Attorney-General of the Province during the period of that company's activities he was responsible for the enforcement of the law in regard to the inspection and regulation of Trust Companies, and he did not discharge that responsibility.

Mr. Bowser's law partner, Mr. R. L. Reid, was a director of the company and his law firm were the solicitors for the company, in whose building in Vancouver they had their offices.

Mr. Bowser surely reflects upon his own perspicacity when he professes such boundless ignorance of the affairs of so important a client.

**NOTE AND COMMENT**

Nearly two hundred new members for the Chamber of Commerce in one day is just about as hopeful an augury for the future of Victoria as could be expected.

The chairman of Villard's Irish Commission says that arms should only be resorted to by the authorities in Ireland in cases of direct necessity. If an armed man were to invade his breakfast room one morning and threaten to shoot we presume he would hurl a piece of toast at the gunman's head.

**SOME POLITICAL HISTORY**

(From Hon. John Hart's Speech.)

"The P.G.E. was a little company of promoters who got together and wanted some easy money. The easiest way was to promote a railway from somewhere to somewhere."

"Then this little company of promoters got together and said: 'We will go to the law firm of Bowser, Reid & Wallbridge and place in Mr. Bowser's hands our case and have him go to Mr. Bowser, the Attorney-General, and plead for some concessions for us.'"

"The Two Bowsers in Action. 'Mr. Bowser, the lawyer, was successful in getting from Mr. Bowser, the Attorney-General, a guarantee by the people of this Province of \$15,000 a mile for 450 miles. And that was not enough, for they came back for another \$7,000, and they got it.'"

"Then they sold \$25,000,000 of stock to themselves for \$40,000. 'The guarantee was that the money was to be paid out when the railway was completed.'"

"Paid Out Money Illegally. 'But when we came into power we held an investigation. What was brought to light? It was brought to light that the whole of the guarantee was paid out on 254 miles of this railroad that had never been a track or been ballasted, and on 51 miles that had never been touched by a contractor.'"

"The promoters had formed a little company, and they let the contract to one of themselves, for whom Mr. Bowser also acted. It was a nice mix-up."

"Must Take Responsibility. 'Then D'Arcy Tait got \$6,000,000 of stock, out of which he was to give \$500,000 as a campaign fund to the Conservative party in return.'"

"Canon Hinchcliffe and Mr. Sutherland must take the responsibility and say that they cannot approve of this leader or they must endorse him in spite of this."

**WHY**

DO WE CALL A CAT "PUSS."

(Copyright, 1920, By The Wheel Syndicate, Inc.)

This common term for the household pet is really nothing more than the Gaelic and modern Irish name for the cat which, in those languages, would be called a "puise." In England, the name was originally referred to as "puise" and the application of the name to a different animal than that to which it legitimately belonged carries us back to the time of the Norman Conquest.

At that time and for two or three generations afterward, the fashionable language among the upper classes in England was a mixture of Latin and Norman-French. Those who spoke pure Latin called the hare by its Latin name, Lepus. While others, who spoke a jumble of both languages, assumed that the name was Norman and, supposing the first syllable to be the article "le," converted lepus into the theoretically French "le puss." In time, however, the Anglo-Saxon "hare" replaced this and "puss" was reserved as an affectionate term for the cat.

**WHERE IT STARTED**

GLOBES

(Copyright, 1920, By The Wheel Syndicate, Inc.)

The oldest known terrestrial globe belongs to Behaim (Germany). It bears the mark of Nuremberg, and its manufacture is dated 1492. This globe takes no account of the American continents. The first globe made after the discovery of America is at present in the New York Public Library. It dates from 1566, and is mapped with fair accuracy, though the outlines of the Americas are mostly guesswork.

Are you a citizen of Victoria, or do you just live here? Victoria needs action. Join the Chamber of Commerce.

**SAYS THREE MEN  
KILLED IN DUBLIN**

Dublin Mail Says They Were  
Trying to Escape When  
Shot

Dublin, Nov. 23. — The Dublin Evening Mail to-day publishes news of a sensational incident which is alleged to have occurred yesterday morning in the Exchange Court, resulting in the death of Richard McKee, Peter Clancy and a man named McCalum.

These men, according to the newspaper, were arrested during the week-end and kept in a room of the Exchange Court, pending transfer of the prisoners. The Mail alleges that the prisoners seized arms stored in the court and attempted to escape. It also alleges the court guard was fired on, and returning the fire, killed the three men.

"The stars incline, but do not compel."

**HOROSCOPE**

TUESDAY, NOVEMBER 23, 1920.  
(Copyright, 1920, by the McClure Newspaper Syndicate.)

Astrologers read the early hours of this day as most unfortunate. Uranus is in benefic aspect in the evening. Up to three in the afternoon it will be wise to proceed along routine lines of work or business, for Mars, Uranus and Jupiter are all adverse.

During this away the tendency may be toward irascibility. Beware of entrance to a quarrel. Uranus this morning makes the mind hospitable to sinister suggestions, the seers declare, but late in the evening changes to kindly rule.

It will be well to delay all big commercial ventures until a more favorable configuration prevails.

All effort at this time should be toward the cultivation of a confident, optimistic frame of mind in which self does not dominate.

The seers declare that the danger to the nation is due to the fact that the personal element enters too strongly into all public service.

Uranus has power to increase all the weak and evil propensities when the planet is adverse, astrologers declare, for the influence is subtle and insistent.

Military operations that affect Turkey or the Near East again are presaged.

Losses by theft and fraud will continue to be numerous during the Winter. This is said to be part of the reflex of materiality.

While there may be many seemingly

**"The Better Optical Store"****Strain's Modern  
Eyeglass Service**

Delightful motion picture and stereopticon entertainments for homes, churches, schools, socials and parties. Safety non-inflammable films approved by fire underwriters. Dramas, comedies, travelogues and educational films. Book your dates now. Country engagements accepted. Strain's Ltd., 1241 Broad Street.

**Sixty Years Ago**

Until 1862 astigmatism, now recognized as one of the most common of eye defects, was so new to the profession that the discovery of new cases was especially reported.

Less than sixty years ago oculists sent to Europe to have astigmatic spectacles made. It took weeks to get them.

Now, anyone who needs spectacles can have them made overnight. Strain's Modern Eyeglass Service is notable for accuracy and promptness, and embodies all that is now known in eyeglass making.

## TO GIVE TWO LECTURES IN CITY TO-MORROW ONE WILL BE PUBLIC

Prominent American Astronomer Will Visit Victoria; His Career

Professor S. L. Boothroyd of the University of Washington, will arrive in the city on Wednesday. During his visit Professor Boothroyd will deliver two lectures. He will speak on "The Magnetic Field of the Sun" at the Dominion Astrophysical Observatory. This address will be technical and is not open to the public.

He will also give a popular lecture on "Our Moon and Other Moons," to be held under the auspices of the Royal Astronomical Society of Canada in the Girls' Central School, corner of Fort and Fernwood, at 8 o'clock on Wednesday evening.

He will discuss the unique character of the earth moon system in the solar family, the peculiar behavior of the satellites of Mars. Is there air, water and vegetation on the Moon? He will show recent slides taken with the large 100-inch telescope of Mount Wilson.

Professor Boothroyd has been engaged in astronomical work for very many years. A graduate from Cornell University and later instructor there, he was engaged by the United States to assist in fixing the Yukon-Alaskan boundary. He has headed the Department of Astronomy at Seattle for several years and during the past two summers has engaged in astronomical research at the Dominion Astrophysical Observatory.

Recently he has been called to head the Department of Astronomy at his own university and prior to taking up his duties there in 1921 he will spend the following summer at the Lick Observatory in California.

## CITY ASKS LOCAL CANDIDATES' STAND

Wants to Know Their Attitude  
Toward Municipal  
Financing

Undaunted by the small satisfaction they secured in the same matter from the Premier and the Leader of the Opposition, the civic authorities intend to ask all the local candidates in the present election what their attitude is toward the municipal financial problem.

The City Council decided on this action last night at the suggestion of the Victoria Real Estate Exchange. In the course of the week the Council will forward to each candidate the memorandum laid before Mr. Oliver and Mr. Bowser recently with a request that an answer be forwarded to reach the City Hall not later than Friday. The memorandum urges that the Provincial Government assume the cost of administering the schools and hospitals of the Province and share with the municipalities the theatre and motor tax. The candidates' answers will be considered when the Council meets in Streets Committee Friday afternoon.

## SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While If  
Your Bladder Is Troubling  
You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

**RED CROSS FUNDS SWELLED BY DANCE**

Cowichan Station, Nov. 23.—The dance given by the Cowichan Branch of the C. R. C. S. was one of the most and most successful ever held in the C. A. C. hall.

Various unforeseen causes prevented the attendance of quite the number which might have been expected, but the society hopes to clear over \$50 when all expenses are paid.

Phinley's orchestra fulfilled the rosiest expectations of the dancers, with whom it is a great favorite at all times.

Mrs. Moss spoke a few words, very much to the point, on the work which is being done under the heading of the Red Cross Society's Peace Programme, and urged "every living soul" to back up the work in every possible way, both financially and morally.

Appealing for contributions to the Imperial War Famine Fund for the

relief of suffering in the war stricken areas of Europe, Mrs. Moss painted a vivid picture of the unspeakable suffering amongst the children in particular, compared with the comparative luxury of living in this part of the world, and emphasized the fact that each person is assessed only the infinitesimally small sum of 10 cents.

Mrs. Moss announced that members of the committee would be glad to receive contributions for this fund at any and all times, and in closing quoted Kipling's well known saying ending with the words—

"It's not the individual or the army as a whole,

But the everlasting team-work of every living soul."

Supper was amply provided and most efficiently served. The tables were decorated with greenery in pots draped with scarlet paper, which gave a festive air to the display.

Floor arrangements were in charge of C. Wallich, and the supper was managed by Mrs. Moss.

Army and Navy Social.—The Victoria Unit of the Army and Navy Veterans will have their first social evening for the winter season on Thursday, November 25, in the club rooms, Hamley Building, to which lady friends of the members are cordially invited. The new entertainment committee, elected at the last general meeting, intend to put on a series of social evenings during the winter season, and are looking forward to well filled rooms on this occasion. Mr. Hadley has charge of the programme, and it is generally understood that there will be no dull moments during the evening. A splendid programme of vocal and instrumental solo, duets, sword dancing, and popular choruses having been arranged. The committee wish it to be understood that the ladies will not be called upon to officiate at the refreshment tables, but donations of cake or sandwiches will be gratefully received.

Probably due to the workings of the law of compensation, the sort of woman whose principles are beneath contempt is the sort whose dress-maker is above competition.

Not A Blemish mars the perfect complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skins. Highly antiseptic, used with beneficial results as a curative agent for 70 years.

**Social Personal**

One of the jolliest dances of the season was that given last evening by the Misses Jennie and Nellie Turner and Mr. Russell Turner at their home at The Uplands, when a number of the younger social set danced under the most delightful auspices. Bowls of lovely pink chrysanthemums enhanced the beauty of the reception rooms, and copper-colored blooms were used in the artistic decoration of the dining-room, where supper was served. The guests included Mr. and Mrs. A. C. Burdick, Mr. and Mrs. Harrison, Mr. and Mrs. Russell Ker, Mr. and Mrs. Gillespie, Dr. and Mrs. Gordon Kenning, Mrs. Godman, Mrs. Norman Payne, Miss Irving, the Misses McBride, Miss Jack Jones, Miss Grey, the Misses Macdonald, Miss Matson, Miss Carey, Miss M. Campbell, Miss Day, Miss Fletcher, of Vancouver, Miss J. McLaren, the Misses Green and May Smith, Miss Beattie Jones, Miss Meredith, Miss Monteth, Miss Peters, Miss Busschaw, Miss Tolson, Messrs. Chaytor, McIlroy, Grey, Macdonald, J. and T. Matson, Stevenson, Gordon Burdick, Campbell, Victor Sutherland, Hall, Burton, Raymar, Hodder, Hugh Peters, Harvey, Wilson, Little, Morrell, Carew Martin, Leighton, Kilpatrick, Barton, Major Reid, Major Goodvee and Capt. Gus Lyons.

Mrs. George Bushby entertained at luncheon at her charming home "Clairden," St. Charles Street yesterday, complimentary to Mrs. Julius Griffiths, of Vancouver. Covers were laid for twelve at a table with an artistic centre-piece of pink and mauve tulle and chrysanthemums of a lovely shade of rose. The guests included Mrs. Griffiths, Mrs. Gordon, Mrs. Ross, Mrs. Grant, Mrs. H. Bullen, Mrs. Gore, Mrs. A. C. Burdick, Mrs. C. E. Thomas and Mrs. C. F. Rhodes.

Miss Norma Macdonald entertained at a little bridge party this afternoon at her home, 533 St. Charles Street. Three tables were engaged in play, the guests including Mrs. L. A. Genge, Mrs. George Johnson, Mrs. Colborne, Mrs. L. Davis, Mrs. J. W. Corning, Miss Monteth, Miss Eberts, Miss P. McBride, Miss Adair, Miss Peters and Miss Palmer, while other guests came in for the tea hour.

Among those who occupied boxes at last night's performance of the

Yeoman of the Guard were Brigadier and Mrs. J. M. Ross, Col. and Mrs. Bennett, Col. and Mrs. Greer, Mr. and Mrs. George G. Bushby, Gen. and Mrs. Maunsell, Messrs. Lindley, Crease and Beaven, Mr. and Mrs. Curtis Sampson, and H. T. Ravenhill and Miss Ravenhill.

Mr. and Mrs. George McLean gave a very pleasant card party and dance at their home near Sidney on Saturday. The winners of the first prizes were Mrs. Livesey and J. Armstrong, and the booby prizes were won by Mr. and Mrs. Thomas. The guests included Mr. and Mrs. Livesey, Mr. and Mrs. Thomas, Mrs. and Miss Harrison, Miss V. Brethour, Mr. John, Miss Hazel John, Miss Violet Wright, R. Hinds and J. Armstrong.

Yesterday forenoon at "Broadbent," the Rev. Dr. Campbell celebrated the marriage of Albert Aloysius McLive and Mrs. Ora Goldstein Ostrander, both of Seattle. They were unannounced, and after a holiday in Victoria will make their home in Seattle. The bridegroom is a native of Texas and the bride of Montana.

Lady Cameron, of Shaughnessy Heights, Vancouver, entertained at the tea hour on Sunday in honor of her son-in-law, Col. Claude, of Pen. Mr. Homer-Dixon, of Victoria. They have now returned home after being the guests of Mr. and Mrs. Lorne Cameron, of the mainland city, during the week-end.

Mr. and Mrs. W. C. Harris, of Tenth Avenue West, Vancouver, have announced the engagement of their daughter, Daisy Gwendoline, to Ernest Redpath, of Victoria. The wedding will take place on Monday, November 29, at Holy Trinity Church, Vancouver.

Mrs. Martyn, of Yokohama, who was the guest of Mr. and Mrs. Fred R. Pemberton at "Mountjoy" for some time, has left for Vancouver, where she will spend the winter as a guest at Glenora Lodge.

W. N. Halliday, of Alert Bay, Mrs. Cecil Phelps of Comox, Mrs. J. E. Barnes of Crofton, and Mr. and Mrs. Fielden of Comox, are among yesterday's arrivals at the Dominion Hotel.

S. W. Hoole, of Salt Spring Island; E. Pollard, of Port Clague, of Pen. and family of White Horse, and Mrs. D. Harris and W. Sharp, ofanges, are guests at the Strathcona Hotel.

George L. Padden of Mayne Island, A. Ruck, W. F. Akerman and N. A. MacAfee of Port Clague, of Pen. are some of the Gulf Island visitors staying at the Dominion Hotel.

Capt. W. Parsons and E. A. McConeally of Port Rupert, P. Larson and family of White Horse, and other northern guests at the Dominion Hotel.

Mrs. Newton Burdick has returned to her home in Vancouver after being the guest of her mother, Mrs. J. McIl Smith, Clive Drive, for the past week.

Vancouver visitors registered at the Strathcona Hotel include E. R. Brown, R. A. Genge, J. C. Stewart, J. Wixton, D. Duffy and H. Scott.

Miss Betty Luckas and A. H. Carter, of Calgary, are among the prairie visitors registered at the Strathcona Hotel.

Thos. H. Weeks, Ed. Handlen and Capt. A. P. Yates, of Nanaimo, are registered at the Dominion Hotel.

Mr. and Mrs. W. W. Gray, of Nanaimo, are registered at the Empress Hotel.

Mr. and Mrs. P. Netzer, of Crofton, are registered at the Empress Hotel.

Mrs. L. W. Murray, of Vancouver, is an arrival at the Empress Hotel.

Lloyd Champlain of Queneau, is staying at the Dominion Hotel.

C. B. Bowman, of Lethbridge, is a guest at the Empress Hotel.

N. T. Corfield, of Duncan, is staying at the Empress Hotel.

WHO WILL GIVE SUIT OF CLOTHES TO BOY?

In order that a poor boy may continue his schooling he urgently needs a Jersey and a suit of clothes. The boy is fourteen years of age. Any person who can spare this clothing is asked to turn it over to Miss Lawson, of the Friendly Help Society.

Miss Lawson said this morning that she has received a large number of requests for clothing, especially for children, and hopes that people who find clothing they could spare will present it to the Society.

TO-DAY'S JEWELS

The crystal, which is to-day's talismanic and lucky stone, is an exceptionally lucky stone. It has the power to direct future action, since it is believed that those who gaze into its depths will see future events transpire in ancient times all lovers gazed into crystals to determine what the future held in store. To-day the moonstone has usurped that power to a large extent, but this gem is only potent when the moon is at full. While the crystal is a never failing source of prophetic insight, whether or not we believe in crystal-gazing to-day, the superstitious among us claim that when we wear a crystal we are given the power to direct our future life to better advantage.

Silver is the gem prescribed by the Orient for wear to-day. It is believed to bring riches.

The orchid is to-day's fortunate flower. It is a symbol of a richly colorful personality, and should be worn with extreme care.

Ladies' Committee.—Continuing the series of social functions held weekly by the ladies' committee of the Victoria Branch of the Patriotic Five Hundred is announced for Tuesday evening commencing at eight o'clock. A good attendance of members and their friends is assured, and prizes will be awarded to the successful winners.

Red duvetyn gowns trimmed with squirrel, mole or seals are smart.

**GIRLS' CLUB WILL HOLD HOUSEWARMING**

Sale of Work and Shower To-morrow at New Quarters

To-morrow the Girls' Club will hold a "housewarming" at their new quarters, 1208 Stanley Avenue, when the formal opening will take the form of a sale of work and shower.

This home for girls who are temporarily out of employment and are needing a helping hand was organized by a committee of the Local Council of Women one year ago last July. For something over a year the home was on Fort Street. At the end of October it was deemed advisable by the committee to move into larger quarters. It is probable that before the winter is well advanced the move into the larger house will be abundantly justified.

The home so far as possible is made self-supporting, but it would not be open to the girl out of funds, as well as the girl who cannot afford to pay the present high prices of board and room.

The friends of the Girls' Club are cordially invited to attend the opening on Wednesday afternoon, when tea will be served by the committee.

CORA

Charmingly youthful is Cora, modern derivative of ancient Greek. Many feminine names in Greece were merely names for a female person, "Cora" a maiden, the Beathan poetess who won a wreath of victory at Thebes. Corinna was the next step in the evolution of Cora and she came about through the literary habit of reviving old Greek names, at first with enterprising writers in search of a fresh title for a heroine.

Mediane de Stael named her brilliant Corinna after the Beathan poetess above-mentioned, and that established her fame forever in France, where she translated down from the French maid to another through generations of poetic fancy. In Italy, she becomes Corina through the medium of a chronicle of the Middle Ages. Lord Byron makes her Cora in his famous poem, "The Corsair," and through his pen she is unquestionably established in England and America.

Modern writers favor her, both as Corinna and Cora. She is the captivating, capricious heroine of many a novel. Persimmon's title, "Cora," a maiden, the Beathan poetess who won a wreath of victory at Thebes. Corinna was the next step in the evolution of Cora and she came about through the literary habit of reviving old Greek names, at first with enterprising writers in search of a fresh title for a heroine.

## Those Nasty Little Pimples That Come On The Face Are Caused by Bad Blood.

Many an otherwise beautiful, and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimpley face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends. There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years.

It drives out all the impurities from the blood, and leaves the complexion clear and healthy.

Mrs. James Williams, Waterford, Ont., writes:—"My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and told me I should try Burdock Blood Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again."

B.B.B. is manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

## SIDNEY GIVES ENTHUSIASTIC WELCOME TO THE PREMIER

(Continued from page 1.)

The speaker reviewed the history of the Songhees Reserve in which the former government paid out \$105,000 on commissions and \$300,000 in connection with removing the Indians from the Reserve, yet the Province has no receipts for the payments out nor has it title to the property. Everything was done to prevent the Liberals then in opposition from getting at the facts.

### Not Raking the Dunghill.

"I am not raking over the dunghill, but simply making comparisons," said Mr. Oliver, "and I want to tell you that so far as we were concerned, every Order-in-Council that we ever passed was always accessible to the Opposition."

"Mr. Bowser had the country put to considerable expense having witnesses called to investigate public accounts, but he has never been able to bring out any scandal in the public accounts."

Referring to Mr. Bowser's "farical picture" of the Commission which investigated the P.G.E. affairs Mr. Oliver briefly outlined the true history of the whole affair and his forceful explanation of the matter drew forth rounds of applause as he proceeded.

### Campaign Funds.

Mr. Oliver took occasion to go into the administration of the P. G. E. by the Bowser Government, the campaign funds that were secured through illegal payments out to contractors and others of large sums of the people's money, for which the Province of the Province got absolutely no return except a huge burden of debt, which had resulted in increased taxation. "According to the sworn evidence taken in the P. G. E. inquiry, there is not one word consistent with what he told you here the other night, and with what he is telling everyone else."

The Dominion Trust matter was one of the most scandalous episodes in the country's history, declared Mr. Oliver. Mr. Bowser was Inspector of Trust Companies and was supposed to look after the supervision of such concerns, yet this company was never properly incorporated and never was legally doing business. Years after the litigation began and much of the money swallowed up in lawyers' fees, Mr. Bowser actually had to go to the Dominion Government to get an Act passed authorizing him to pay those made destitute by the affair something like ten cents on the dollar.

"Besides that, Mr. Bowser's firm acted as solicitors for the company, had their offices in the Dominion Trust building and, it is freely stated, they occupied the offices without paying rent."

### Financial Standing.

Mr. Oliver dealt with Mr. Bowser's criticisms of the loans put through by the Liberal Government and explained how the credit of the Province never stood higher than at present. "Bowser says we have borrowed \$27,000,000. How much of that is he himself responsible for?"

"This Government went into office with \$53,000 in the treasury and a deficit of over \$4,000,000. With the P. G. E. requirements no less than \$18,325,000 of the amount we have borrowed has gone to make good Mr. Bowser's obligations. The balance has been judiciously spent in connection with Land Settlement Board, assisting the municipality of South Vancouver, the housing scheme, irrigation and other useful enterprises. A large portion of the borrowing is now returnable to us bringing the Government interest."

### Alienating Lands.

Mr. Oliver referred to "the fraudulent speculation in lands under the Bowser regime," which had tied up millions of acres of productive land in the hands of speculators, who had purchased the land for next to nothing, holding it up to the settler at figures varying from \$15 to \$60 an acre.

The courts ruled the transactions fraudulent and when the Liberals took office they immediately took steps to legislate the speculation out of his holdings, or to let go at a reasonable price. The result is that to-day settlers are going on this land, and the government is giving them every assistance to get off to a fair start, unhampered by a lot of debt and a prospect of a lifetime of useless toil.

### A Little Story.

Mr. Oliver took time to divert from his speech to tell his audience of a little story that has recently been going the rounds. After the last Conservative nomination a little meeting was held, at which all the candidates told their experience and expressed

## This Little Fellow's BURNS

WONDERFULLY HEALED by Zam-Buk—Doctors Advised 'Skin-Grafting' Operation.

As an example of genuine gratitude, the letter of Mrs. Currie, of 194, Waterloo Ave., Guelph, Ont., is notable.

She says:—"One day baby fell out of his high chair on to the stove and got severe burns under the chin. The child suffered terribly and though I called in the doctor his treatment brought the child no relief. I consulted another doctor, but was told that skin would have to be grafted."

"Then I sent for a box of Zam-Buk. After using this soothing herbal balm a short time a wonderful improvement was noticeable. In less than three weeks, the child's burns, although so severe, healed perfectly without leaving a trace of a scar."

Keep Zam-Buk always at hand for cuts, scalds, sprains, burns and other skin injuries. Also for dealing with eczema, ringworm, ulcers, cold sores, poisoned wounds, sunburns, piles, etc. 50c. box, \$ for \$1.25. All druggists or Zam-Buk Co., Toronto.

their opinion as to what might be brought up regarding their past. When it came to Mr. Bowser's turn, he said: "Let us forget the past, our future is spotless."

Going back to the railway situation, Mr. Oliver reviewed what government had done to pull the P.G.E. out of the hole. He had already gone into the details of the scandalous manner in which money had been squandered on this railway and nothing done except to make a few friends of the government rich, and he told how it was the hope of the Liberal administration to see this line connected up with the Grand Trunk Pacific next Spring.

"Mr. Bowser tells the people in the Peace River country that if he had been in power he would have had a road built to the eastern boundary. Who would he have built it with during the war, would he have done it with Chinese while our own men were all engaged in work connected with the war?"

"According to our engineer it would cost \$21,000,000 and equipment and so on would mean another \$30,000,000. Do you want the progress of your district absolutely retarded while we use every dollar of our credit to push that railway to the eastern boundary?" asked Mr. Oliver.

"That road should never have been undertaken as a Provincial undertaking. Alberta will benefit much more than we will and it is a matter that should receive assistance from the Federal Government in the same manner that the C.P.R. and G.T.P. and the Canadian Northern Railway have been assisted. That railway gives Alberta and Saskatchewan an outlet to the Pacific Coast and the road should be part of the national transportation scheme."

"When Bowser talks to you like that about railways, remember that his government loaded you down with millions of dollars of debt after telling you the roads would not cost you a cent. We are paying the bills to-day. You must measure Bowser by the past and not by his promises for the future."

### Returned Soldiers.

Mr. Oliver dealt fully with the assistance that had been given returned men seeking to go on the land and the aid to industries which would give them employment, though the returned soldier matter is a Federal Government matter and not Provincial. He told of how the man whose letter Mr. Bowser has secured complaining of the treatment of the Liberal Government was one of the men whose expenses had been paid to Ottawa in order that he might represent his comrades' case to the Federal Government; how this same man had been taken to various land settlement areas; how a settlement was finally decided upon at Megville and finally when this same man became so arbitrary among his comrades at their request he was removed to another district. He related the allegations made in this man's letter which Mr. Bowser was reading to his audience.

"The Government of this Province has done more for the Returned Soldiers than any province in the Dominion and a man who claims to be a statesman who will deliberately go in among these men and try to make them believe they have grievances is not doing anything patriotic or good for the country," said Mr. Oliver.

### Many Ladies Present.

Half of the audience was composed of women last night and they were just as ardent in their expression of appreciation of the Premier's address as were the men. Mr. Oliver concluded his address with a review of the legislation passed by his Government and expressed the belief that there was not another Government in the world that in four short years had passed so much legislation of such great general benefit to the people in general.

Concluding, Mr. Oliver warned his hearers against placing in power a Government which would realize money out of the resources of the country only to spend them recklessly and uselessly. Chattering lasted for several minutes after Mr. Oliver had finished his speech.

The Chairman called upon Lieut.-Col. Carey, the Soldier-Labor-Farmer candidate in the riding to say a few words. The speaker quite agreed with Premier Oliver regarding the Opposition Leader finding it difficult

to stick to the truth, but at the same time expressed little use for either political party. The good-humored audience seemed to get a good deal of fun out of the Colonel's remarks and several interjections from the audience brought forth laughter. The speaker contended that patronage and graft was still going on.

The meeting was concluded by the singing of the National Anthem.

Mr. Jackson.

In a brief but forceful address, Mr.

Jackson outlined the attitude of the Liberal party in the administration of the Province. As the Premier was present Mr. Jackson said he did not wish to take up the time of the audience, whom he would address on a later occasion.

Mr. Jackson said he was forced to acknowledge his deep allegiance to the Premier, who had taught the people that there was something to look forward to and to look backward through his regime brought no regrets.

Mr. Jackson emphasized the honest endeavor that had been made by the Oliver Government to work in the best interests of the people.

"Service the Motto."

"The Oliver Government is not pointing this Province with a picture full of cynicism, suspicion and distrust, but it will leave you with a feeling of honest attempt to give good service and a hope for the better and a brighter horizon for the people of British Columbia," said Mr. Jackson.

"Service" was the motto adopted by the Premier and his followers.

"Come to-night? I'll pay I am!" New York World.

NOT TOO TIRED FOR THAT.

"Gee, Mama, I'm so tired I can hardly stand on my feet. I'm ready to drop."

"So am I. Are you going to that dance to-night?"

## BRIEF LOCALS

Dr. Plaskett to Lecture.—Under the auspices of the Y.W.C.A., Dr. J. S. Plaskett will lecture on "Modern Ideas of the Universe" in the Metropolitan Church schoolroom this evening at 8 o'clock. The lecture will be profusely illustrated with slides.

Lord's Day Alliance.—The annual meeting of the Provincial Lord's Day Alliance will be held here on Thursday. Rev. Dr. Rochester, general secretary of the Alliance; Bishop Schofield, the president, and Rev. C. H. Huestis, the secretary, will attend.

Island Arts and Crafts Club.—The annual general meeting of the Island Arts and Crafts Club will be held in the club rooms, 202 Union Bank Building, on Thursday, December 2, at 8.15 p. m., when the annual reports will be heard and officers elected for the ensuing year.

Exceeded Speed Limit.—A. McKinnon, for exceeding the speed limit early on Sunday morning was fined \$50 in court today. He was stopped by Constables Ferguson and Allen, who stated he was traveling in his car around a corner on Quadra Street at the rate of twenty-five miles an hour.

On Liquor Revenue.—At the Centennial Methodist Forum Sunday afternoon Clarence Harris gave an interesting address on "Liquor Revenue." The audience waxed warm at times over the debate as to whether prohibitionists should avail themselves of any benefit in reduced taxation from liquor profits.

Refuse to Put Up Signs.—"No signs are needed for children but only for old men like me—you couldn't run over a child any more than a chicken," declared Alderman Andros when the City Council was requested by the School Board last night to erect warning signs to motorists near the King's Road School. The request was refused.

Scouts' Cabaret Tonight.—Tonight at the Criterion, the Boy Scouts' Association will hold a cabaret in aid of the funds necessary for the carrying-on of their work. Lieut. R. R. Webb and Mrs. W. H. Brown have kindly consented to sing, while dancers will find an attractive programme of the latest hits arranged for their entertainment.

Speaks of School Gardening.—At a crowded meeting of the North Dairy Parent-Teachers' Association last night, Mr. Sandford in the chair, Mr. Gibson, superintendent of Elementary Agricultural Education, delivered an illustrated address on school gardening, using lantern slides to emphasize his remarks. The lecture was warmly appreciated.

Patriotic Committee Met.—The Patriotic Service Committee met yesterday, with Mrs. R. S. Day in the chair, there being large attendance of members. Routine business was rapidly disposed of, when the meeting considered a number of fresh cases. It was decided that members would lend all possible assistance to the I.O.D.E. Christmas tree. The next meeting of the Patriotic Service Committee has been set for the fourth Monday in January.

Accidental Death.—A verdict of accidental death was found by the jury sitting at the inquest on the body of the late Bert Yarwood, who was shot in a hunting accident while in a boat at Chatham Island with his companion Robert Markert recently. Yarwood received the charge of a gun that exploded in his side and died later at the Jubilee Hospital. He failed to rally after an operation that was performed on him in a last attempt to save his life. The funeral took place today.

Old Landmark Back.—The turret clock that for forty years stood in front of C. E. Redfern's store on Government and Douglas Streets has been purchased by Joseph Ross and will be set up again in front of the latter's store on Government Street. Mr. Redfern bought the clock in 1875 from Gillett & Johnson, of Croydon, London, and it was a familiar sight to Victorians up to 1915. The City Hall clock is also by the famous English maker, having been installed by Mr. Redfern.

Concert for Empire Relief.—The elder girls of the Church of Our Lord, Reformed-Episcopal, were so impressed by Miss Windsor's talk on relief money in the terrible conditions in the war-stricken areas of Europe that they have arranged to give a concert, the proceeds of which will be given to the British Empire Relief Fund. They will also give the funds in hand from a previous concert to the same worthy cause. The campaign to raise funds for this cause is now on and donations may be sent to headquarters, 641 Fort Street; Hon. treasurer, Red Cross, Belmont House, or to The Times and Colonist.

## NEW NAMES IN CHAMBER DRIVE

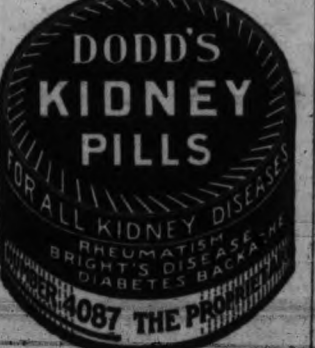

Campaign Secures 373 Members in Day and a Half

The second day of the membership campaign staged for the Chamber of Commerce brought unexpected results with a total of 373 members enrolled, principally new names. Yesterday the figure stood at 158, of which 117 were new members. Today the total for this morning activity on the part of the divisions and teams stood at 205, with the same percentage of new names appearing on the rolls. In all 373 names are now attached while prospects for a large number more have been obtained.

The list follows:

## OBITUARY RECORD

Christine Catherine Kennedy, the fifteen-month-old daughter of Mr. and Mrs. Alec Kennedy, of 315 Hillside Avenue, died last evening at St. Joseph's Hospital. The little girl was born in Scotland. The funeral will be held from the R. C. Funeral Chapel on Friday at 2 o'clock, the Rev. Dr. Campbell officiating.

The funeral of Mildred, infant daughter of Mr. and Mrs. Edward Legg, took place this morning at 11.15, the service being conducted by the Rev. G. A. Wells. Lovely floral tributes covered the grave in Ross Bay Cemetery.

The funeral took place this afternoon at 1.30 of Eleanor Beatrice, infant daughter of Mr. and Mrs. E. B. Dobb. The Rev. G. H. Andrews officiated in the presence of sympathizing friends. The little casket was covered with lovely tributes. Interment was at Ross Bay Cemetery.

The remains of the late William McMillan were laid to rest yesterday afternoon in Ross Bay Cemetery. The funeral service was held at the Thomson Funeral Home at 2.30 o'clock. Rev. J. G. Inkster officiating. The Boilermakers' Union, of which the deceased was a member, attended in a body, also members of the St. Andrew's Caledonian Society. The hymns were in attendance. "Lead, Kindly Light," was sung at the service by Miss Leta Cody. The following were pallbearers: Messrs. Dewar, Petticrew, Prior, Barry, McDuff, Wilson. The casket was covered with many beautiful floral offerings, showing the esteem in which the late Mr. McMillan was held by his fellow workers and friends.

The funeral of the late James Law Armon took place from the Thomson Funeral Home yesterday afternoon, Rev. Dr. Sippell officiating. There were many friends present and the casket was covered with many floral tributes, sent by the many sympathizing friends. The hymns sung were, "How Firm a Foundation" and "Safe in the Arms of Jesus." The following were pallbearers: Messrs. A. Lee, H. T. Knott, H. Baker, J. P. Hicks, J. Winter, J. A. Grant. Interment was made in Ross Bay Cemetery.

The funeral of the late Wong She, a former High School student, will take place tomorrow at 10.30 o'clock from the Thomson Funeral Home. Interment will be made in the Chinese Cemetery.

The death took place yesterday morning at St. Joseph's Hospital of Mrs. Daisy Garland, beloved wife of Frederick G. T. Garland, of 1548 Lionel Street, age 40 years, born in England and a resident of this city for the past seven years. The deceased is survived by her husband, a mother residing at the above address, one brother and one sister in England. The funeral will take place on Thursday, November 25, at 2 o'clock from the Sands Funeral Chapel. Rev. M. T. Habersham will officiate.

The death took place yesterday morning at St. Joseph's Hospital of Beatrice Mode Pollard, three months and two weeks' old, daughter of Mr. and Mrs. W. B. Pollard, of 2614 Quadra Street. The funeral will take place on Wednesday at 2.30 o'clock from the Sand Funeral Chapel, A.D.J. Weir will officiate and interment will take place at Ross Bay Cemetery.

A man should always treat his wife as courteously as he does his stenographer, asserted a Springfield, Mass., minister while discussing "How to be happy though married."

There is a deficiency in house-building in this "bricklayer" and 2,765 carcases.

## Amateurs Settle Down To Strenuous Practice

Hockey Players Have Hard Practice Periods Ahead of Them—League Opens on Dec. 6—Teams Faster This Year

There will be no more loafing in practice hours for amateur hockey players, according to announcements made this morning by the managers of the local clubs. Only two weeks remain before the opening games are played and as six-man hockey requires that every man be in perfect physical form the club managers have decided to keep their teams on the move throughout the practice periods.

Last night the four teams were out in full force, and went through some very hard workouts. The players seem to take a delight in the six-man game as it gives them plenty of chance to engage in end-to-end rushes, which exhilarate themselves as well as the spectators. Each team will have three more practice periods before the league opens, and it is planned to make the most of these. Each team is now getting in regular line, and will keep them together in future practices.

**Look Over Line-Ups.**

The Senators, Elks and Veterans are all showing an improvement over their last year line-ups. The Garrison, the fourth team, is an unknown quantity as yet, but has a couple of good players here, and the Princesses' draft, which is due on Friday, has the remainder of the team.

The War Veterans are stronger than last year. Harry Copas will tend goal, and Roy Copas and Bill Riley will be on the defence. Bill Riley has his optic in good shape once again. Riley was one of the best defences in the league last year. In an exhibition game with the Selkirk Bill had the misfortune to have his eye injured. A summer spent on the prairies, where he was counting train wheels, has restored the glimmer to usefulness. The Veterans will have on their forward line Rip McDonald, Jacklin, Dudley and Tuckwell.

**The Champions' Line-Up.**

The Senators will be particularly strong this year. They have two goal-tenders signed, Alex Strath, who attended to the job last year, and Harry Stewart, a new-comer to this city, who formerly played with the Monarchs, of Winnipeg. Wickson and Hughie Burnett will be on the defence and the forward line will be picked from Leo Dowd, Ross Oatman, Harry Smith, Dieldel, Don Smith, Roy Market and Fitzsimmons.

The Elks are fast rounding into form. Percy Watson, last year with Two Jacks, will tend goal and Cook and Irwin will be on the defence. Among the players available for forward work are Jimmie Stewart, Darrell Spence, George and Glazen.

**The Garrison.**

The Garrison "Darkhorses" are working out regularly. They have revealed a couple of stars. Major Goodhue plays a wonderful game. Capt. Clark looks good enough to land a berth on the team. Vic Gravelin, who was with the Elks last year, whose re-instatement came into effect through the agreement between the rugby and amateur unions, will play goal for the Garrison. With the arrival of the Princesses Pats on Friday a number of additional crack players will be added to the Garrison team.

Tom—"I say, old man, I have got a fine hen that laid an egg 3 in. long the other day." Sam—"The nothing, I can find something to beat that." Tom—"An ostrich, I expect?" Sam—"No, an egg beater."

### PLAYING GREAT GAME

J. C. WALE

fast half back of the Metropolis senior soccer team who was a great factor in the Met's win on Saturday over Victoria West.

### SEASON TICKETS FOR HOCKEY GAMES READY

Last Year's Patrons Will Be Cared For First, Says Manager Patrick

Lester Patrick, manager of the Arena, announced this morning that he was now ready to consider applications from last year's patrons for the hockey games. Of late the fans who booked the "schedule" last year have been clamoring to the manager to have their reservations renewed, but he was unable to do anything until the schedule was released.

"Last year's patrons will be given first chance to book their seats," said Lester this morning, "and I will accept their applications up till December 4. After that date the seating accommodation will be thrown open to the general public."

**First Game Christmas Day.**

The first game here will be held on Christmas Day. It will be played in the afternoon and will be the first matinee game ever held in the history of the P. C. H. A.

The pro. players will all report here on or before December 15.

### AUTO DRIVERS AFTER "SPEED KING" TITLE

Great Race Will Be Held at Los Angeles Between Famous Motor Pilots

Los Angeles, Cal., Nov. 23.—Some of the best known automobile racers in the world will start in the 250-mile Thanksgiving day event of the Los Angeles speedway at Beverly Hills. The race will close the 1920 racing season and probably decide this year's "Speed King." A win for Gaston Chevrolet, Tommy Milton, Jimmy Murphy or Ralph De Palma, who lead the other drivers in the number of championship points made in this season's races, will make him the champion, according to the authorities.

From speeds reached in practice on the Beverly basin in the last two weeks, officials of the speedway association announced their conclusions that about three hours would elapse from the start to the finish of the race.

**New Records Expected.**

Prophecies as to the expected speed in records made in single practice dashes around the mile and a quarter oval, that have produced speed well above hundred-mile-an-hour mark.

Prizes amounting to \$35,000 are offered. Of this, \$10,000 is from the citizens' lap fund, and goes at the rate of \$50 to the driver leading at the end of each of the 200 laps.

In preparation for the contest, the four drivers trying for the championship title, and Joe Thomas, Roscoe Saries, Eddie Miller, Fred Deussen, Eddie O'Donnell, Eddie Hearn and Art Klein, who have made spins around the basin, pronounced it one of the speediest tracks upon which they have ever raced.

### FINALS IN EMPRESS HANDICAP TO-NIGHT

To-night at 8 o'clock the finals in the Empress Billiard Handicap will be played at the Empress Billiard Rooms, when Henderson, scratch, will play Anderson, 7-5. This match is attracting considerable interest and no doubt will be largely attended.

### ENGLISH CRICKETERS AT LAST ARE BEATEN

Sydney N. S. W., Nov. 23.—(Canadian Associated Press)—A team representing New South Wales defeated the touring English cricket team yesterday by six wickets. The game began on Friday last.

### VANCOUVER WON THE BADMINTON CONTEST

The Garrison Badminton Club went down to defeat on Saturday to the Vancouver Badminton Club at the New Drill Hall. The visitors took 17 goals to the locals' 7.

The skeleton of Eolipus, the most famous racehorse in all history, is about to be exhibited in the Natural History Museum at South Kensington, London. It is being lent by the Royal College of Veterinary Surgeons.

### BASKETBALL LEAGUES ORGANIZE ON DEC. 2

Seniors and Intermediates in Sunday School League Are Getting Ready

Organization of the senior and intermediate Sunday School Basketball Leagues will take place on Thursday evening, December 2. All entries must be in by that date. At a special meeting which is to be held the schedules will be drawn up so that the season may be started as soon as possible.

The senior league is expected to be the fastest since its organization eight years ago. About eight teams will enter, and they are all busy signing players and getting them into top shape. The intermediate league will also be fast.

**Ladies Organize.**

The Ladies Basketball League was organized at a recent meeting, and the first games will be played on December 8 in the First Presbyterian gymnasium. The league has been divided into two sections "A" and "B" teams in "A" section must have an average age of 15 years or over per team, while the "B" section teams must average under 16 years of age.

"A" section will probably be composed of the following teams: First Presbyterian, three teams; St. Andrew's, one team; Fairfield, one team; and possibly two other entries.

"B" section will comprise: St. Andrew's, one team; First Presbyterian, two teams; James Bay, one team. Two other entries are also expected in this division.

There will be shields for competition in both "A" and "B" sections. Entries should be sent into Miss Jean Furridge, 424 George Road (phone 260L), on or before Friday, November 26, when entries will be finally closed and a schedule drawn up for the season.

### MRS. CHASE WANTS A DIVORCE FROM HAL

Cincinnati, Nov. 23.—Mrs. Anna M. Chase yesterday entered suit for divorce from Hal Chase, former first baseman of the Cincinnati and New York Nationals now under indictment in Chicago in connection with the alleged fixing of the 1919 world series.

Mrs. Chase states that they were married May 27, 1915. She charged Chase with association with other women; with spending money in gambling and dissipation. She says that she left him several times, but always returned to him on his promise to do better. She says that he has given her one dollar since last March.

### OLD BOYS TO TRAIN TO BEAT CARDINALS

In an effort to swing the beam in their favor this time the twenty Old Boys are going to train faithfully for their match with the Cardinals at Oak Bay on Saturday. The Old Boys are asked to attend a practice to be held on Thursday evening at 8 o'clock at the University School. The practice has been changed from Wednesday evening. All Old Boys are asked to be on hand as an effort is to do better. She says that he has given her one dollar since last March.

### LOOKING THINGS OVER

After the remarkable showing made by the Vancouver youngsters on Saturday, it is to be hoped that the Selection Committee of the Victoria Rugby Union will infuse a little more young blood into the next Capital City rep team. The visiting youngsters, full of pep and tireless in their efforts, completely outclassed the local veterans. There was little comfort and were on their toes all the time, while Victoria seemed to have no system and lacked condition. The game showed that young British Columbians are just as capable of handling a Rugby ball as men who have played on international teams and have won caps and other things in bygone days. The youngsters are keener and more easily conditioned. It is to be hoped that in future the Selection Committee will see to it that the rep teams are in every respect thoroughly representative of the city. There are four Rugby clubs in Victoria. Perhaps some of the youngsters here who have reputations would look just as good on a rep team as some of those who are playing on reputations.

### PARIS, NOV. 23.—Mlle. Suzanne Wurtz, French swimming champion, will sail for New York shortly to challenge the American champion, Miss Ethel Hiestler, for the women's swimming championship of the world. At the Olympic games Wurtz defeated Miss Hiestler easily. But the French girl has since received instructions from the American champion, Norman Ross, in the American crawl. Using this stroke Mlle. Wurtz recently swam 100 metres within one second of Miss Hiestler's Antwerp time. It is expected that the French girl will also swim at Philadelphia, Chicago and Los Angeles.

## Boys With Punch Are Always Most Popular

Clever Boxers Have a Following But Fighters Who Deliver Smashers Get Crowd; Comparison Between Old-Time Scrappers and Those of To-day.

When Jack Dempsey and Georges Carpentier battle for a \$500,000 purse and the dear old heavyweight championship, the fans will see the two greatest right-hand punchers in the world in action. It is seldom that a title contest finds the principals both relying on the same kind of a blow to gain victory.

Dempsey has "blackjacked" himself into the world's title. No matter whom his opponent has been, he has rushed to close quarters and ripped his right to the jaw. The result has usually been a quick win.

### NOT ATTEMPTING TO WRECK COAST SHOW

C.H.A. Issues Statement and Says It Has 40 Players Signed For Season

Toronto, Nov. 23.—The Canadian Hockey Association has issued the following statement:

"No claim has been made regarding Holmes or Lehman of the Pacific Coast League. Rickley is on his way East from Seattle and will be here the end of the week. Wilson will report November 30. Only five players will be taken from the West. No attempt is being made to wreck Patrick's League.

**Plenty of Material.**

"There is more than enough material in the East available and though many players at the coast were desirous of coming here, negotiations in most instances were not carried beyond the initial stage.

"The report that Hefferman will not be with the C. H. A. is incorrect. It is not advisable at the moment to give out a complete list of the players who the league accepted for entry. They are available, but upward of forty professionals and amateurs are secure, with but from twenty-four to thirty required for the three teams."

Practice will commence December 6.

### FRENCH AQUATIC STAR COMING TO AMERICA

Paris, Nov. 23.—Mlle. Suzanne Wurtz, French swimming champion, will sail for New York shortly to challenge the American champion, Miss Ethel Hiestler, for the women's swimming championship of the world. At the Olympic games Wurtz defeated Miss Hiestler easily. But the French girl has since received instructions from the American champion, Norman Ross, in the American crawl. Using this stroke Mlle. Wurtz recently swam 100 metres within one second of Miss Hiestler's Antwerp time. It is expected that the French girl will also swim at Philadelphia, Chicago and Los Angeles.

### LOOKING THINGS OVER

After the remarkable showing made by the Vancouver youngsters on Saturday, it is to be hoped that the Selection Committee of the Victoria Rugby Union will infuse a little more young blood into the next Capital City rep team. The visiting youngsters, full of pep and tireless in their efforts, completely outclassed the local veterans. There was little comfort and were on their toes all the time, while Victoria seemed to have no system and lacked condition. The game showed that young British Columbians are just as capable of handling a Rugby ball as men who have played on international teams and have won caps and other things in bygone days. The youngsters are keener and more easily conditioned. It is to be hoped that in future the Selection Committee will see to it that the rep teams are in every respect thoroughly representative of the city. There are four Rugby clubs in Victoria. Perhaps some of the youngsters here who have reputations would look just as good on a rep team as some of those who are playing on reputations.

### PARIS, NOV. 23.—Mlle. Suzanne Wurtz, French swimming champion, will sail for New York shortly to challenge the American champion, Miss Ethel Hiestler, for the women's swimming championship of the world. At the Olympic games Wurtz defeated Miss Hiestler easily. But the French girl has since received instructions from the American champion, Norman Ross, in the American crawl. Using this stroke Mlle. Wurtz recently swam 100 metres within one second of Miss Hiestler's Antwerp time. It is expected that the French girl will also swim at Philadelphia, Chicago and Los Angeles.

**Sharkey Was Tough.**

Tom Sharkey—poor old spendthrift—gave Jeffries some of his hardest battles. Tom was one of the toughest men who ever entered the ring. He didn't have any particular punch. He just kept piling in and hitting at the time. It didn't seem to matter how many times Sharkey's opponent scored. Tom kept going forward all the time. He was a glutton for punishment.

Jim Corbett revolutionized the boxing game. For years John L. Sullivan had been king of the heavyweight division. Sullivan was a typical two-handed fighter. Like Jack Dempsey, he relied on his speed and the big wallop. Corbett, however, made science king.

**Sullivan Had a Right.**

A right-hand punch had made Sullivan famous. The "Boston Strong Boy" would rush merrily from his corner and swing with his mighty right. He didn't possess much cleverness, but he was fast and usually managed to get into a position from which he could score with a knockout blow. Once Sullivan crashed his right on the other fellow's jaw, the spectators started for the exits.

Then Jim Corbett stepped out front on the pugilistic stage. "Gentleman Jim" did not possess tremendous hitting power or marvelous strength. So he mastered cleverness and footwork.

At New Orleans Corbett met Sullivan's rushes with a left jab. In the

clinch he would cut him right to the body. But Corbett didn't get into many clinches. He preferred to sidestep, after he scored with a left jab. This caused Sullivan to go reeling against the ropes.

John L. tired more from his own exertions than he did from any punishment he received from Corbett. Sullivan got leg bookish from chasing the master boxer.

**Fitz's Solar Plexus.**

Naturally everybody in the boxing game wanted to be clever after they saw how Corbett beat Sullivan. It was not a clever boxer, however, who beat Corbett. Bob Fitzsimmons turned the trick with his famous solar plexus punch. This blow, delivered with the left hand, doubled Corbett up and made him forget all he knew about scientific boxing.

The clever boxers have their following, but the boys with the punch are usually the most popular.

Those old-timers who are alive today must sit up in wonderment when they read about a purse of half a million dollars. They gladly fought for \$1,000, which they split on a winner's and loser's basis. And what's more, they always fought their hardest. There were few cries of "take," in the days when men fought for glory and not merely for the sake of securing pecuniary gain.

### JORDAN RIVER WINS OVER SAANICHTON

Jordan River, Nov. 23.—Saanichton basketball team journeyed to Jordan River on Saturday and played a game in the evening, with the Jordan River five.

After a fast clean game the local team emerged winners by a score of 24 to 20. The result was in the balance all the way, and the spectators were treated to a very exciting game. The Saanichton team, although without a home supporter, got an equal share of the applause for good team work or baskets scored.

The game was refereed to the satisfaction of all by Bob Roskam.

A very successful evening was finished up with a social and dance.

Jordan River will play a return game at Saanichton in the near future. The teams were: Saanichton—Rue, Crawford, Malcolm, Buckle, MacClure, Gerke. Jordan River—D. I. Walker, J. Lewis, R. Cummins, C. Pearson and J. MacVicar.

## DOMINION

The combination of Robert W. Chambers, author; Marion Davies, star; and Joseph Urban, famous designer of settings, is successful in "The Restless Sex" in producing a picture that is notable for its lavishly artistic backgrounds and lively romance. The photoplay pleased the audience at the Dominion Theatre, where it will be seen to-day and Wednesday.

Feminism is the underlying note of "The Restless Sex," though there is nothing in the picture about votes for women. It is rather a modern woman's craving for excitement and ambition to become more than just a wife. The heroine is a society girl of this type and her turbulent course to peace and happiness forms the theme of the story.

Miss Davies is ideally suited to portray a Chambers heroine and her supporting cast, headed by Ralph Kellard and Carlyle Blackwell, is an unusually competent one. An elaborate ballroom scene, in which over six hundred costumed people take part, is a feature. The picture is a Cosmopolitan Production for Paramount release and was directed by Robert Z. Leonard.

## COLUMBIA

As "Square" Kelly in "The Cradle of Courage," his newest Paramount picture, which will be seen at the Columbia Theatre again to-day, Mr. Hart depicts a man whose belief is that all cops are made to be deceived and that the law was made to be broken. He bears the proud distinc-

tion of being the best safe-cracker on the "coast." Through stress of circumstances he is reformed and goes out of the maelstrom as "Square" Kelly, now square in the actual sense of the word. In fact, he becomes one of the much hated fraternity, the police. How he proves himself a man, despite his early training and past life, and wins the love of a girl who had the same environment and yet has gone through unscathed, forms a story that is extremely powerful as well as appealing.

## VARIETY

Reposing on the writing desk of David Wark Griffith, those who are fortunate enough to be admitted to the working sanctum of this chief of the silver-screen may note a strangely carved, mis-shapen head about half human size. It is one of the relics Mr. Griffith brought back from Nassau, New Providence, the capital of the Bahama Islands, when he flew back for two hundred miles separating him from the United States, in a hydro-aeroplane. Mr. Griffith had been to the Bahamas with the members of a specially selected company to make the final scenes in his latest United Artists picture, "The Love Flower," a romance of the South Seas, which will be shown at the Variety Theatre again to-day. One of the locations for this picture was found in a thick jungle just back of a coral point some miles from Nassau. Here Mr. Griffith discovered a native family living in a rude hut covered with palmetto leaves. The family was negro, originally from Central Africa, evidently the lineal descendants of those slaves bound for the West Indies and the United States, but whose ships, chased by buccaners, were put ashore at these islands.

## ROYAL VICTORIA

More than the usual interest attaches to the announcement of the engagement of James Oliver Curwood's "Nomads of the North" at the Royal Victoria Theatre this week! All those who saw "Back to God's Country" and "The River's End," masterpieces from the workshop of this author, realize they are justified in expecting something extraordinary in the latest picturization of his brand of outdoor, Far North fiction. This film is an Associated First National attraction and it is said to be one of the very best features ever offered by this organization, according to advance information, are the remarkable performance of animals including many wild ones in general and a pet bear and dog in particular; a forest fire which is accredited with setting a new high mark in realism and thrill; and a romance of all-absorbing quality quite different than the ordinary fare of the silver screen. The cast which has been selected to play the various picturesque roles in this intense production, includes such stars as Betty Blythe, Lon Chaney, Lewis Stone, Melbourne McDowell and Spottiswood Aitken.

## OPERATIC SOCIETY

SCORES BIG SUCCESS

"Yeomen of the Guard" at Pantages at Fine Production

The Victoria Dramatic and Operatic Society scored a big success last evening at Pantages Theatre with their opening performance of Gilbert and Sullivan's perennially popular opera, "The Yeomen of the Guard." Unfortunately the audience was not as large as such an excellent performance deserved, and it is hoped that Victorians will fill the theatre this evening to give support to a production worthy of any touring professional company.

The acting and singing were both of a high standard and the chorus, although a trifle "wooden" for the first few numbers, gradually warmed up and particularly in the second act, gave excellent support to the principals. Settings and costumes were on a scale commensurate with the general excellence of the production and the performance ran with a smoothness which reflected efficient stage management.

Miss Eva Hart, as Elaine Maynard the strolling singer, added another to her many laurels, singing and acting with charm and vivacity and being repeatedly recalled after her many solos. A personal triumph was also scored by Mrs. Wendell B. Shaw, who carried the heavy role of Phoebe with ease and winsome daintiness, her numbers being enthusiastically received. Miss Letta Cody, a newcomer to the local operatic stage, displayed considerable ability as Dame Carruthers, her pleasing voice being heard to particular advantage in the refrain "Wardens Are Ye."

Of the male parts, the honors fell to H. J. Davis, who gave a finished and artistic performance of Jack Point, the strolling jester who finally dies of unrequited love. Mr. Davis' interpretation of the mingled comedy and tragedy of the jester's life was one of the best features of the production, and his singing, particularly in the duet with Miss Letta Cody, "Have a Song to Sing, Oh," and in his final number, "All For the Love of a Lady," was artistic to the highest degree. R. B. MacKenzie, the popular tenor, found ample scope for his many talents in the role of Col. Fairfax, while J. W. Petch gave a strikingly clever performance of the head jailer and assistant tormentor, revealing considerable talent as a comedian.

As the head Yeoman, James Hunter found all too little opportunity for his fine baritone, and his scenes with Dame Carruthers were among the best of the production. As lieutenant of the Tower, C. B. Dunn was imposing, while J. G. Gillan sang and acted well in the small role of Leonard Meryll. One of the most popular numbers of the evening was the quartette sung by Messrs. MacKenzie and Hunter, Mrs. Allwood and Mrs. Sparks, which was repeated in response to demands for an encore.

Herbert Kent is to be congratulated on the able manner in which he conducted the performance, while Mrs. J. Gibson in the arduous role of pianist contributed materially to the success of the production.

The performance is to be repeated to-night, and again on November 29 and 30, and the proceeds will be devoted to the funds of the British Columbia branch of the Navy League of Canada.

## FAMOUS ARTIST

TO COME THURSDAY

Capt. Bairnsfather, Leaped Into Fame in Few Days; His Popularity

Captain Bruce Bairnsfather, author of the splendid comedy, "The Better 'Ole," is known to thousands of Americans through his play, his humorous writings, and his famous cartoons. Few men have attained such a world-wide reputation in such a remarkably short space of time as this great writer and artist enjoys. He will be heard here on Thursday.

It was in the critical days of the war that Captain Bairnsfather made his first hit as a comic artist. Although it was in the thick of the fighting as an officer in the British army, he found time to make laughing sketches on the rocks and fences—anywhere, in fact, that he could find space for a funny picture. British, American and French soldiers roared with laughter when they surveyed these wonderful caricatures. Even Scotch Highlanders managed to see the point.

In a few weeks Bairnsfather had leaped into fame. Newspapers and magazines eagerly competed for his sketches. Through the graphic touches of his pencil he won the hearts of those who remained at home, while he linked himself to the affection of thousands of the bravest men of the world who were seen. So cheering was the effect of his cartoons that he became known as "the man who made the world laugh in its darkest hours."

Later on Captain Bairnsfather wrote a book, entitled "Bullets and Bilets," which had a phenomenal sale. Then he went to London and produced "The Better 'Ole," which has since been successful runs in England and in this country. When the play was fashioned out of his cartoons, and "Old Bill" and "Alf" appeared on the stage, the human beings London shouted for joy. Its appeal was so universal that America promptly endorsed London's verdict.

So tremendous was Bairnsfather's popularity in England that when he started a humorous paper, called "Fragments," which he is now publishing, the first edition of 500,000 copies was sold out in less than two days. Even in these hard times Bairnsfather continues to make all England shake with laughter, the largest halls have proved insufficient to accommodate the vast multitudes of people eager to hear him lecture.

Gloom Chasing Wit.

This great humorist comes with a fresh stock of his special brand of cheery talk and gloom-chasing wit. His sparkling lectures, "Old Bill, Me and the Income Tax," in which he will discuss topics of popular interest, will resemble, in some respects, the "cheerful" of former times, but so completely changed, improved and brought up to date as to be absolutely novel. In the course of this lecture Captain Bairnsfather will draw original cartoons on the stage, while some of his famous sketches will be thrown on a screen.

Bairnsfather's humor is irresistibly catchy and goes straight to the point. His magnetic and cheery personality gives every evidence that his wit is spontaneous and not the result of labored thought. In this country, as in other parts of the world, he will prove that he can lecture as delightfully as he draws.

## PRINCESS

The next play to be staged at the Princess Theatre by the Mildred Page Players will be "It Pays to Advertise," a bright, snappy play, full of real "pép" and modern spirit. There is a splendid production in preparation and the players are all well. Mr. Alden is to appear as Rodney Martin, a ripping good part, which he played for some time in a road company in the United States. It may be seen that with his knowledge of the play and its requirements the Mildred Page Players are sure to present it as it should be presented. Miss Park as Rodney's partner a sweetheart will be seen in the delightful character of a real little business woman who is still a woman of sentiment. At the first performance of "It Pays to Advertise" the prizes will be drawn from the state for the best letter of criticism of last week's play "Boss of Bar Z Ranch."

If Strength Declines As Age Advances Follow This Suggestion

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You realize that her poor health is a great loss for food, increased appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement, and a month or two will fatten up the thin, run-down woman you can think of. Take Ferrozone for lost color, for nervousness, for weakness—use it when run-down and feel poor—it will do you well. Lasting good, keep you in better health than anything else. Just as good for men and children, 40c. per box or six for \$2.50, at all dealers, or direct by mail from the Cataract Co., Kingston, Ont.

## LETTER

Letters addressed to the Editor and intended for publication must be short, and legibly written. The lower an article is sent, the more likely it is to be published. The Editor is not responsible for the return of unsolicited material.

STILL UP.

To the Editor:—It is astonishing the influence your newspaper fellows have over us. We have all begun to believe that old H. C. L. had started to back down a little, but that belief seems to be like so many other beliefs, just a fiction, for when I had my grocer check up my comparative table of the cost of the family Christmas plum pudding he convinced me in plain detailed figures that the cost was even higher than last year.

There are seventeen ingredients in my recipe and the retail price for the same quantity of pudding was in 1914, 1917, in 1919, \$2.65; in 1920, \$3.03. A pudding is only a concentration of every day articles and flour, raisins and sugar are higher than they were this time last year; so whatever it is that is supposed to be dropping it certainly does not appear to be eatables, and I think it would be as well if some of the energy that is going into board of commerce and election campaigns was directed towards the feeding of the hungry families of the unemployed fathers who are going to be heard from this Merry Christmas time.

(Mrs.) F. F. W.

RECEIVED NO SUBSIDY.

To the Editor:—With reference to an extract from a speech of Mr. Joseph Clearihugh published in your issue of the 19th instant, in which he states that the Comrades of France had received a subsidy of \$100,000 from the Provincial Government, I beg to state that this Association either as the Victoria Branch, Comrades of the Great War, or the Veterans of the Great War, has received no money of any kind from the Provincial Government.

I am led to understand that the Comrades of the Great War, Vancouver, did receive a grant, but I should be obliged if you would correct the statement as far as it concerns the Veterans of France, or the Comrades of the Great War, Victoria.

ROBT. A. MCINTYRE.  
Secretary Veterans of France.  
Victoria, B. C., Nov. 22, 1920.

THE FACTS ABOUT CRESTON.

To the Editor:—I have been reading to-day a number of statements in The Colonist (Sunday) relating to conditions in Lister Camp Settlement, near which I have been working for the last eighteen months, and in which my nephew has taken up an allotment. Believing in fair play, I would like to say something on the other side, though I do not altogether approve of such schemes.

Having an interest in land settlement and being a returned soldier myself I have visited the Settlement Board's land several times, and have met a number of the settlers. I am told by some of the more sober-minded men that all this present fuss is stirred up by the candidate for the riding, Col. Lister, who desires revenge for being beaten. I know Col. Lister, who is a very decent fellow, though rather weak and erratic in character. Mr. Bowser has apparently been using him as a tool to make things hot for the Government, but there is no doubt in the minds of the people in the district as to the real state of things.

I saw the agreement of sale which has caused all the stir. It is just like any other agreement. I had just the same or practically the same clause in an agreement to buy the land I own, and if what I read is right, that the forfeiture clause is being taken out, then I say, knowing some of those men at Creston, that such action is not wise, nor is it fair to the majority, as it will be taken advantage of by men who do not intend to stick.

There has been a lot of talk in the papers about dissatisfaction. The trouble is a lot of those returned men are playing politics, and none too clean politics at that. There are plenty of us who saw service in France and who are not whining about re-establishment or begging from the Government. There is a lot of cheap selfishness abroad and if the Government does not continue to take a firm stand, there will be trouble. I think the men at Lister are getting a square deal, but there are some amongst them who will not be content unless they can run the superintendent like they did last winter.

I am a member of the G. W. V. A., was when I first returned, and I object to the manner in which officials of that organization are taking part in politics. J. Bell, at Camp Lister, is one representative for the G. W. V. A., and also political agent for the Conservative candidate. He is also president of the Settlers' Grievance Committee, so you can see where the trouble starts.

I met the present Superintendent of the Lister area, and he seems a good man. He is always on the job, according to the settlers. The head of the Board, Colonel Davies, is also well spoken of. He had a fine record in France and is a man of high integrity who will not allow any wrong doing, and who seems to be quite able to handle things if let alone.

As I said before, I do not altogether approve of the policy of starting these extensive soldier settlements, but I understand it is being cut out.

Mr. Bowser says he is going to give us a "real" land settlement policy. Well, I believe he will too, if he should happen to get a Government. We know what sort of a land settlement policy it will be. All the hungry real estate men/speculators and so-called returned men who don't want to work will make a clean up, and the bill the country will have to pay will be a dandy.

Well, Sir, I am going back to the upper country to-night, and I hope when the Government gets through with these men in the settlements we outsiders may get a little more attention, not in the way of unearned doles but in the way of legitimate assistance in developing the country.

E. COLEBOURNE.  
Lester, 254, Campbell Division.  
Victoria, B. C., Nov. 22, 1920.  
Permanent Address,  
Yahk, P. O., B. C.

Mamma: "Yes, darling; those dear little boys have no father and no mother—and no good Aunt Jane. Aren't you sorry for them?"

Freddy (no great admirer of his stinky aunt): "Oh, poor little boys!"

With cheerful alacrity: "Mummy, dear, may I give them Aunt Jane?"

"I think

## Teucer Back on Coast After Long Absence

Blue Funnel Liner Which Saw Continuous War Service  
Returns As Regular Unit of Trans-Pacific Fleet;  
Captain Gordon On First Visit.

After four years' absence from this coast, the Blue Funnel liner Teucer, Captain Gordon, returned to Victoria to-day with cargo for various ports from the Far East. The Teucer was last here in 1916 and prior to the war was a regular Blue Funnel carrier in the trans-Pacific service. From the outbreak of the war the Teucer saw practically continuous service on the Atlantic Ocean and in Mediterranean Sea troops and transporting munitions.

Captain Gordon, who is making his first trip to the Pacific Coast, saw much service on the Atlantic and in the Mediterranean in command of Blue Funnel ships, but being of a modest disposition he is not disposed to recount the thrilling escapades in which he participated during the enemy submarine campaign. The part he played in the war effort, however, is denoted in the service colors displayed on his uniform tunic.

On his arrival here Captain Gordon said complimentary things about the Victoria climate and he hopes to be able to see more of British soil when his ship returns here next month to load outward cargo.

**Propeller Raced.**  
The Teucer had an exceptionally stormy passage across the Pacific and, being very light, she was the target for the heavy seas. The liner carried but 3,000 tons in her hold and most of the time her propeller was racing out of the water. "She was so light," humorously declared Captain Gordon, "that, stern first, she might have blown across." The propeller raced madly as the big freighter plunged into the trough of the sea and at times very little progress was made.

"There is no cargo offering in the Orient," the skipper said when asked the reason for the light freight. The Teucer discharged a little freight here and 143 Chinese passengers were landed about 100 being destined for points in the East. For Seattle the liner carried 2,000 tons, including a large shipment of coconut oil in bulk in No. 5 hold, the balance of the freight being consigned to Vancouver.

**Came Via Suz.**  
The Teucer came out to this coast from the United Kingdom via the Suez Canal and the Orient. She will ply regularly on the trans-Pacific run in conjunction with the liner Ixion, Talthybius and Tyndareus. On completing the discharge of her local freight and landing a small mail consignment, the Teucer cleared at noon for Seattle via Port Townsend. While across the Straits the liner will load lumber at Mukilteo and general freight at Seattle. She will return here early next month to load about 500 tons of cement at the new ocean docks for the Orient.

## NEW ADMIRAL LINER FOR PACIFIC TRADE SOON IN COMMISSION

S.S. Wenatchee Due to Leave  
New York January 29 For  
This Coast

The passenger and freight liner Wenatchee, first of the 535-footers allocated to the Pacific Steamship Company by the United States Shipping Board for operation in the Seattle-Orient routes, will sail from New York January 29 and will make her debut in the trans-Pacific service from Seattle March 1.

Five ships of the Wenatchee type have been assigned to the Pacific Steamship Company, and according to the present plans of the company some of these vessels will touch at Victoria in plying out of Seattle to the Far East.

Hugh Gallagher, general agent for the Pacific Steamship Company, at New York, who is now on the coast, says that tentative bookings for the excursion from New York to the North-Pacific coast via the Panama Canal, indicate that a large number of tourists will make the cruise from the Atlantic to the Pacific seaboard. The Wenatchee is scheduled to reach San Francisco February 17 and Seattle February 21.

Announcement is made by A. F. Haines, vice-president and general manager of the Pacific Steamship Company, of the appointment of Fred C. Charman, as purser on the liner Wenatchee. Fred Charman has been purser of the steamship Spokane, plying between Seattle and Alaska. He formerly was purser of the Pacific Mail liners Siberia, Manchuria and Mongolia. Purser Charman is a popular officer in the service. Before leaving the Spokane he was presented by the officers and crew with a traveling bag and five \$20 gold pieces.

**Promotions in Line.**  
Keeping pace with the increasing scope of operations of the fleet operated by Pacific Steamship Company, Vice-President A. F. Haines has announced the promotion of Captain A. J. Storrs, formerly port captain at Seattle, to the position of marine superintendent. The appointment is also announced of Captain Martin P. Tarpey, formerly master of the steamship Queen, to the post of port captain in charge of coastwise operations.

A silkworm now being produced in America will spin threads of any desired hue, the coloring matter being inserted into the silkworm's food.

## CANADIAN MERCHANT SERVICE GUILD ELECT OFFICERS

Captain H. Newcombe was elected vice-president of the Canadian Merchant Service Guild at a representative meeting held last night at the Guild headquarters, Union Bank Building.

The retiring vice-president is Captain H. H. Brown. Captain Newcombe was elected to represent the pilots on the executive body. The acting secretary, Captain Best, of Vancouver, in outlining the progress of the Guild since its formation, stated that the roll now contains the names of 745 members, representative of the masters and officers of the British Columbia marine services.

During the past year 117 members had joined the organization. The acting secretary, Captain Best, of Vancouver, in outlining the progress of the Guild since its formation, stated that the roll now contains the names of 745 members, representative of the masters and officers of the British Columbia marine services.

During the past year 117 members had joined the organization. The acting secretary, Captain Best, of Vancouver, in outlining the progress of the Guild since its formation, stated that the roll now contains the names of 745 members, representative of the masters and officers of the British Columbia marine services.

## MARINE INQUIRY TO BE HELD HERE

Charmer-Princess Royal Investigation Scheduled For  
Next Tuesday

The marine inquiry into the collision between the C. P. R. steamships Charmer and Princess Royal will be held in the Post Office Building here next Tuesday, Captain J. D. Macpherson, wreck commissioner for British Columbia, will preside, assisted by Captain Gerald Bridge and Captain A. P. W. Williamson, F.R.G. S., as nautical assessors.

The inquiry into the collision between the Charmer and Princess Royal will be held at Vancouver following the Charmer-Princess Royal investigation.

75,000 FIRE.

Tacoma, Nov. 21.—A crowd of several hundred people was helpless yesterday to stop the spread of a fire that wiped out the business district of Ashford. The loss is estimated at \$75,000.

## CANADIAN CURRENCY FOR FREIGHT BILLS

American Money As Basis Is  
Wrong, Railway Board  
Told

Ottawa, Nov. 23.—(Canadian Press).—On behalf of the Winnipeg Grain Exchange, H. J. Symington, K. C., Winnipeg, this morning brought to the attention of the Board of Railway Commissioners the matter of the payment to railways, on the basis of American currency, of rates on grain and grain products shipped from Canadian to American points where the haul is largely in Canadian territory. His proposal to the Board is a nutshell was that it should be arranged that the payments for haulage within Canadian territory should be paid in Canadian currency, while the haulage in the United States only should be paid in American money.

Mr. Symington maintained that payment on any other basis was illegal because the contracts with the railways were made in Canada. He dealt more specifically with the rate between Saskatoon and Duluth on shipments carried by the C. N. R. and the Duluth-Winnipeg and Pacific Railways jointly. This rate is forty and one-half cents, but on account of the exchange situation it is increased by about four cents, or an increase of from ten to twelve per cent. in the rate.

**Important.**  
Mr. Symington said that the matter had become one of prime importance because of the fact that the movement of prairie wheat up to the present time had been almost exclusively to the United States. Chief Commissioner Carvell expressed the personal view that Mr. Symington probably was right. It was true the matter had been before the Board some months ago in connection with the rates on other commodities. Then it had been decided that the Board was without jurisdiction in the matter, the question being how it would be possible to enforce prepayment of rates to the railways. At that time the situation in regard to wheat was quite different, but when it came to grain shipments with nine-tenths of the haulage within Canadian territory the matter became most important.

**More Money.**  
It was undoubtedly true that the farmer, operator or shipper of any

kind who could secure the privilege of paying the Canadian end of such rates in Canadian currency would get more money than under present circumstances.

## MORE TO HAVE JOBS TO OPEN UP RESERVE

Government Work Started in  
Preparation for New Bridge;  
Aid Unemployed

Seventy-five men were started at work to-day under the Department of Railways to open up the undeveloped part of the old Songhees Reserve for industrial purposes, in accordance with the announcement made last week by the Hon. John Hart, Minister of Finance.

Plans for this work are now being extended by the Government, but practically all factory sites are now being used, and also in order to relieve to the greatest extent possible distress due to unemployment, and the failure of the Dominion Government to respond to appeals by returned men to relieve the situation. It was announced to-day that instead of the 100 men to be taken on, the number has been increased to 250. The additional 175 men will be taken on during the next five days.

Sixty per cent. of all the jobs are to go to returned soldiers belonging to returned soldier organizations. The Government has ordered. The other forty per cent. is to be made up of returned soldiers who do not belong to any organization, and married men. The first seventy-five men to be put to work to-day were chosen from 1,000 names put in for the work. All the names were submitted to a committee of six, made up of the presidents of the G. W. V., Army and Navy Veterans, Veterans of France and the G. A. U. V., and J. D. McNeven, Deputy Minister of Labor, and S. Harvey Crech, superintendent of the Provincial Labor Bureau. Of the first seventy-five jobs were given out to organization members as follows: G. W. V., 25; Army and Navy Veterans, 15; Veterans of France, 13; and G. A. U. V., 8.

**Get Ready For Bridge.**  
As the work is being started partly to relieve distress, men with families are being given preference in accordance with the number of dependents. Men whose names have been on the Employment Bureau's lists for the longest time are considered first. The gangs to-day under J. McHattie, superintendent of works, started getting machinery together. They will start first on the north and south road through the middle of the Reserve. By the end of the week, however, it is likely that a gang will be put on the extension of Johnson Street, so that everything will be ready for the beginning of the bridge construction.

The time used in Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figure for height serves to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

Father (who had helped his son with his home work)—"What did the master say when you showed him your exercise?" Tommy—"He said I was getting more stupid every day."

with Cod Liver Oil Compound

It breaks up the cold as well as the cough—soothes the inflamed membranes of throat and bronchial tubes as it loosens the phlegm and allays irritation. You may be sure of quick relief and lasting benefit when you take this dependable remedy. Very agreeable in taste. Excellent for children.

Prepared by National Drug and Chemical Company of Canada, Limited.

## Have the old Furniture Re-upholstered with Craftsman Fabrikoid

SPRING or Fall and its house-cleaning bring the question of refurbishing the old furniture. The price of furniture has advanced 100 per cent. in the last ten years, so why not save the old and make it look like new. Upholstery gone? Fabrikoid is the answer—an attractive covering that looks like leather, costs less and wears longer.

Fabrikoid gives a richness to furniture that cannot be obtained in any other covering at the same cost. It is the one satisfactory furniture covering in the home where there are children. Greasy fingers leave no stains on Fabrikoid, spilled water will not penetrate it—it does not scratch, tear, pull or stretch, still it is as pliable as the softest of leather.

Get Fabrikoid in a shade that will match your furniture. It will fit nicely with the surroundings in any home. And it is all of uniform thickness and texture—you take no chance on Fabrikoid.

When you send your furniture to be re-upholstered, tell your dealer to show you his samples of Fabrikoid. Select the color you need—you cannot go wrong on the quality, if you insist on Fabrikoid. Write today for our free booklet "Fabrikoid in the Home" and learn what can be done at home with Fabrikoid.

### VANCOUVER ISLAND NEWS

Nanaimo.—The six hundred dollars asked for by the Managing Board of Wallace Street Church was fully subscribed at the anniversary services last Sunday. The Sunday School rooms will be decorated and otherwise improved. Last evening the usual large crowd gathered for the annual supper and concert, at which Miss Belle E. Eilers, of Victoria, and Mr. Bates, of Victoria, and Mr. Bates, of Victoria, and Mr. Bates, of Victoria, gave brief addresses. Mrs. and Willie

Brankston, Mrs. Grayson, Mrs. Trawford, Miss Coral Bennett and Miss M. Allen gave musical selections, the pastor, Rev. W. Vance, being the evening's chairman.

To Hold Tag Day. The Red Cross Society has been given permission for a tag day next Saturday for the Empire-wide appeal for European need; the I.O.D.E. to put on their tag day for boys' work under the Y.M.C.A. auspices at a later date.

### TAKING NO CHANCES.

"Darling," said her rich old fiancé, "I could just die kissing you." "That being the case," rejoined the girl, "we'll cut out the kissing unless after we are married."—Boston Transcript.

## F. A. PAULINE POSSESSES CONFIDENCE OF COLLEAGUES

When the Legislature chose Frederick Arthur Pauline, the member for Saanich, who is now seeking re-election to the House, as one of the committee of three who were sent overseas to investigate the allegations of gross irregularities in the taking of the soldiers' vote in the 1916 election, they showed a confidence in his integrity and in that of his coadjutors, Messrs. David Whiteside, M.P.P. for New Westminster, and Charles F. Nelson, member for Slooan, which was the more remarkable in that Mr. Pauline was a new member in the House.

How justified that confidence was, the results of the inquiry showed with clarity. For the report the Commission brought back was never questioned in any important detail, although it showed in a dramatic manner how the Conservative agents of the late Government had abused their trust.

Level Headed and Far Sighted. In the course of the four years which the Liberals have been in office, Mr. Pauline has made for himself a reputation as a clear thinker, a careful legislator and a man with a wide vision of the needs of the Province in the coming years. Nothing can more clearly out this fact than the success, which appears to be in sight, for his advocacy of the establishment of great works in the Province to turn the boundless reserves of British Columbia from idleness to commercial use. In season and out, Mr. Pauline has made this subject a matter of discussion at nearly every public or private gathering where it was admissible. As a direct result of this work, those who at first scoffed, were brought to the reasoning point, then were convinced and finally induced to swing their influence behind securing of action.

Aroused Real Interest. The situation which exists today, with the experts representing great English ironmasters making investigations of the iron deposits, with Eastern capitalists asking for terms and concessions on a matter which they refused to even devote an hour's thought a few years ago, this condition may be credited to Mr. Pauline's persistence and vision. Mr. Pauline was one of the driving forces which brought the Liberal party to support the placing on the Statute book the legislation which provided that, should private interests fail to take the opportunity the Province offers them, the Province will itself construct and operate the first unit of a steel and iron plant.

Headed Important Committees. In the last Legislature Mr. Pauline was the Chairman of the Ways and Means and the Public Accounts Committees, and in those offices he became very familiar with the troubles which burdened the Liberal Government as a result of the Bowser maladministration. As one of the local Trustees of the Canadian Patriotic Fund, Mr. Pauline had much to do with the distribution, last Winter, of the Unemployment Fund for returned soldiers, being Chairman of the Committee which took that matter in hand. As the member for Saanich, Mr. Pauline has been a persistent advocate of the requirements of the district, attaining great success in the presentation to the Government of the many matters which a constituency requires its members in the Legislature to forward on its behalf.

A Successful Business Man. Mr. Pauline is an Englishman, who has lived in Victoria for thirty-seven years. Trained to the wholesale business, Mr. Pauline at first found occupation here as a reporter on the Colonist staff. His main success in life came when he returned to the trade of his youth, entering the wholesale drygoods business and building up a concern which occupied a goodly portion of lower Yates Street, when he retired from active business in 1911. After having taken an active part in Board of Trade affairs, Mr. Pauline became President of the Board in 1907. The following year he was elected to the City Council, and in 1919 became President of the Victoria Liberal Association, having the honor of presiding at the great meeting in the Horse Show Building at the Willows, when the late Sir Wilfrid Laurier addressed over 5,000 people, who came from all portions of the Island to hear the illustrious Liberal leader.

The father has been to the wars. When he talks of one who is in a dangerous or over-activated frame of mind, he will say: "He has 'tin hat on.'" The other day he came home to find his only son of six sitting rather disconsolate on the edge of the table. His mother had been dealing plainly with him. When he saw his father he bent forward and whispered: "You'd better be careful, dad, she's tin hat on!"

## MR. PAULINE IS WELL RECEIVED

Says Bowser Now Is Before Bar of Public Opinion.

A well filled schoolroom listened to F. A. Pauline, the Government candidate in Saanich, last night at the Prospect Lake School. Mr. Pauline dwelt at length upon the heavy burden put upon the people of the Province by the building of the Pacific Great Eastern Railway, maintaining that it was a railway that should have been built by the Dominion of Canada as a whole. He said that the revenues of the Province were being depleted to support this railway and this was the sole reason why the Oliver Government had so far been unable to extend further assistance to the municipalities.

Mr. Pauline dwelt at some length with the domestic and social legislation of the Oliver Government, and at the conclusion of his remarks was heartily applauded by the audience. No Pussyfooting. "Mr. Bowser at Royal Oak on Saturday night charges me with pussyfooting around saying, 'Surely you are not going to vote for Bowser after his P. G. E. record,'" said Mr. Pauline.

"Mr. Bowser tells a very interesting tale of how the Liberals tried to find out what became of the \$500,000 campaign fund which Mr. Darcy Tait swore was allocated for that purpose. He says he declined to tell the Select Committee of the Legislature, although admitting he knew, and it is common knowledge that Premier Oliver challenged him twice on the bar of public opinion. It was a fitting time to tell the electorate all he knew. If Mr. Bowser continued to evade the question, then the people can come to only one conclusion, that 'He is hiding facts which he would rather keep in his pocket and which seriously reflect upon the Conservative party.'"

John W. Macdonald, acting as chairman, and the meeting closed with the National Anthem.

Mr. Pauline will speak at the East Vancouver meeting on Saturday evening, when he will be assisted by Mrs. Spofford, who will speak on the legislation of the Oliver Government in the interests of the women and children of the Province.

## Plan 600-Foot Airships For Trans-Atlantic Line

Experts at London Conference Predict Lighter-Than-Air Type of Machine Finally Will Prevail

London, Nov. 22.—In awarding prizes recently for new types of airplanes built by British manufacturers the government took occasion to deplore what it viewed as a retrogression in the field of aerial research. Manufacturers of aircraft, in answering the criticism, replied that one could not hope, in times of peace, for as rapid developments as were possible when the exigencies of war made expense and human life comparatively little importance. Nevertheless, some bold predictions have been made at the air conference which met at the Guildhall. There were, of course, speeches which embodied the dreams of every reader of Jules Verne or H. G. Wells, and there were graphic pictures of the great air liners of the future. But there also sober talks by distinguished scientists, who paid more attention to such practical details as wing tips and automatic controls than to visions.

The air liner is on the way, there is no doubt about that; but it is going to come as a result of tireless and patient research and experimenting; it is going to embody a detail here and a suggestion there, and when it finally is turned out on a profitable basis it will provide a mode of travel as safe as and infinitely more swift than any land transport.

Craft Eight Hundred Feet Long. The long distance airship of the future may be an airplane, but it is more likely that the lighter than air type will prevail. What are the requirements for a craft capable of carrying out a sustained flight, say, from England to Australia?

According to the experts at the Guildhall, each craft would be about 800 feet long, with a gas capacity of at least 4,000,000 cubic feet. The dirigibles already constructed in England hold more than 3,000,000 cubic feet, so that this seems by no means

an impossible provision. An average speed of sixty miles an hour would be required, and a dirigible achieved it is estimated that a dirigible constructed on this basis would carry 100 passengers, for whom comfortable, properly heated and well ventilated living, dining and sleeping quarters would be provided.

Inasmuch as the dirigible would fly in a direct line, it would be able to reach London-Cape Town journey in five days, whereas the steamship now requires eighteen days. India might be reached in four days, as against sixteen at present.

### Mails For All Empires.

Even though passenger-carrying at first might not prove practicable, it seems probable that before long mail by the fringes of the British Empire may be carried by the air route. It is calculated that the whole weekly mail from Britain for Egypt, South Africa, India, Australia and New Zealand could be transported in one dirigible for each route. Sir Trevor Dawson, vice-chairman of Vickers, Limited, the great engineering firm, is authoritative for the statement that the fire danger for a dirigible is really no greater than that on any ocean liner.

One of the great drawbacks to the use of dirigibles—the difficulty of housing them in storms—may be avoided by mooring them to great masts and allowing them to float at the end of their cables. It is said that a skilful captain can, in an hour, bring a huge dirigible to her mooring with the aid of only half a dozen men, and that even in heavy winds nothing like the small army which now is necessary to place a dirigible in its hangar will be needed safely to moor the great airships.

A great mast, to be fitted with lifts, petrol and water, and with powerful cables and hauling apparatus, is to be erected at Howden, Yorkshire, to test the practicability of this arrangement.

It is obvious that the English aircraft firms are much interested in the German bid for air supremacy, and apparently a little worried about it. The rumor of an early service of super-Zeppelins from Berlin to New York, Chicago and San Francisco, which has been bandied about for a month or so, was seriously treated at the Guildhall conference; in fact, it was made the basis for an appeal for prompt British embarkation upon a policy of the construction of similar or greater airships.

### Dirigibles Float Over London.

The appeal finds the more response because London recently has witnessed the sight, unusual since the days of Zeppelin raids, of huge dirigibles floating far above it. On the occasion of the Prince of Wales's homecoming the R-22, manned by the American crew which will take the R-22 back to America next Spring, sailed gracefully above the procession made up by the Prince's carriage and his escort. Later other large airships from the airfield at Croydon were employed to give the delegates to the air conference a demonstration of their utility.

It is computed that the cost of carrying passengers in one of the great dirigible airships of the future would be about 20 cents a passenger-mile, or approximately twice the present average first-class steamship rate. The rate for carrying mails would be from 10 to 16 cents an ounce for 2,000 miles.

Interesting prophecies also were made at the Guildhall conference regarding the future of the heavier-than-air machine. The constant increasing size of these aircraft is calling serious attention to the possibility that the ordinary gasoline engine may have eventually to be replaced either by the Diesel type or by the steam turbine.

To Solve Landing Problems. It is also probable that in the multi-

## "THIS is my recommendation, Sir"

"NOT so very long ago I was in the same ill health as yourself. Long and busy hours, the responsibility of filling drug prescriptions and other duties of the day's work proved a strain. I took a couple of boxes of Milburn's Heart & Nerve Pills and can honestly thank them for my present splendid condition."

This little incident from everyday life fits your case in one way or another. In these days of strenuous living it is only natural for the heart to get below normal, thus affecting the nervous system.

Many people ignore the symptoms of heart and nerve trouble. Every day people drop dead, simply because of ignoring them. You cannot afford to do this. Ask yourself, "Have I any of the following complaints?"

Dizziness, Headaches, Fatigue, Breath Shortness, Brain Fog, Loss of Flesh, Depression, Sleeplessness, Anæmia, Tobacco Heart, Loss of Appetite

These are some of the sensations which are experienced. They are a warning of vital importance. If you would be well and strong, just ask your druggist to-day for a box of Milburn's Heart & Nerve Pills.

YOU WILL BE SIMPLY ASTONISHED at the fast recovery you will make on taking them. Remember, they have been on the market for over 25 years, and you are using a preparation recommended by prominent people the country over.

All busy druggists sell Milburn's Heart & Nerve Pills at 50c. a box, or they will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ontario.

### NEWS AND NOTES OF THE MINES

#### Going To Ottawa

Dr. Victor Dolmage of the Dominion Geological survey and resident in Vancouver for the past nine years has been instructed to report to Ottawa. The deputy minister of mines, Mr. Charles Cammell, with whom the geologist has been actively associated since 1913, when the Vancouver office was opened, has transferred Dr. Dolmage to the federal capital, so as to have the benefit of his extensive knowledge at first hand. In Ottawa there will be facilities for carrying on research work and completing investigations from scientific data collected in the field.

Dr. Dolmage has practically specialized on what is known as economic geology, that is the study of minerals as related to the mining industry. His activities have been nearly altogether confined to Vancouver Island, and during the past few years he has explored and examined every foot of that long and irregular shore

line from Barkley Sound to Cape Scott. While Ottawa will be his home and headquarters, British Columbia will continue to receive his attention. He expects to return here next Summer and make for the first time a geological map of the coast line to the north of Vancouver Island. This undertaking will extend over several years.

Associated with the survey for the past nine years, Dr. Dolmage received his Ph.D. degree from the Massachusetts Institute of Technology, Boston, in 1917.

He will leave for the East next Wednesday and will be accompanied by his family.

Wasted Time.—The stepladder was repairing the shaft high above the city street. It was an errand-boy who saw him and he fetched some of his friends. Presently a down-at-heel person joined the group, and in a few minutes a small crowd of earnest onlookers had collected. They waited half an hour. They waited an hour. The stepladder worked on unconcernedly. Then the workman took the sense of the meeting, so to speak, as he turned to go. "E ain't going to fall," he said.—Daily Express.

## Instant Postum

appeals to those who like coffee.

Its attractive flavor usually satisfies the "coffee taste"—yet Postum contains none of coffee's harmful elements.

Then again Instant Postum is more economical than coffee. It is made more quickly, with less trouble and there is no waste.

**Postum Helps Where Coffee Hurts**

## CUTICURA HEALS RASH ON CHILD

On Body and Face. Red and Itchy. Cried For Hours. Lasted a Year.

"A rash started all over my little girl's body, and she had some on her face. It started in a pimple like a wart full of water, and a great red and itchy. She cried for hours. This trouble lasted a year."

"Then I started with a free sample of Cuticura Soap and Ointment. I bought more, and I used four cakes of soap and three boxes of Ointment which healed her." (Signed) Mrs. Dora Langley, 1032 Gertrude St., Verdun, Que., August 11, 1918.

The Cuticura Toilet Trio Consisting of Soap, Ointment and Talcum is an indispensable adjunct of the daily toilet in maintaining skin purity and skin health. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Dispensary, Limited, 50-52-54 St. Patrick St., Montreal. Cuticura Soap shines without wax.

## FLOGLAZE

FINISHES AND RENEWS Furniture and Woodwork  
There are many surfaces in your home that would be bettered by a coat of Floglaze.  
Apply it to-day and prolong the service of your woodwork and furniture.

VICTORIA MOTORIST  
FEEL OVER MALAHAT

George de la Mothe in Jubilee Hospital After Miraculous Escape

A miraculous escape from death when the car which he was driving went over the Malahat drive was experienced yesterday by George de la Mothe of Walton Street, Victoria, who is lying in the Jubilee Hospital suffering from painful injuries.

Mr. De la Mothe was returning from a business trip to Duncan, early in the afternoon, driving a Dodge car, and had reached a point about half a mile this side of the summit, when for some reason at present unknown the car either skidded or fell over the edge of the road and went crashing down the steep embankment, which at this point makes a sheer drop of some hundreds of feet into Saanich Arm. The car made a double somersault and finally was checked in its headlong flight by two trees and a huge rock, against which it lodged. Fortunately, Mr. De la Mothe had, owing to the hood being up, managed to keep within the machine although painfully injured in his terrifying fall.

By a lucky chance of fortune, Mr. Bull, manager of Shelly Bakery, who was also on the way to Victoria, had passed by Mr. De la Mothe shortly before the accident occurred, and failing to see him ahead on the road was on the alert. Noticing that tire tracks went over the edge of the road, Mr. Bull investigated and discovered the unfortunate motorist in his perilous position. With the assistance of another employee of the bakery, who was in the car with Mr. Bull, the unfortunate man was extricated with great difficulty and rushed into town and conveyed to the Jubilee Hospital, where Dr. Hudson attended him.

Diagnosis revealed that he is suffering from a fractured rib, severe abrasions and shock. The car was rescued this morning and brought into town, apparently little the worse for its adventure.

FRESH EGGS DROP  
THREE CENTS MORE

Price Tumble Continues on the Wholesale Market To-day

Local fresh eggs are continuing their fall on the local wholesale market. After a couple of months of three and five cents each during the last ten days they are down to 87 cents to-day. Storage egg prices remain around 65 and 68 cents. The big break in feed prices is partly responsible for the fall in eggs.

Cheese prices are up one-half to one cent a pound. New cut hot-house lettuce is now on the market at 17¢. Fruit prices remain mostly unchanged. To-day's local wholesale prices are:

Butter, 1 lb. creamery, 41¢; 1 lb. butter, 42¢; 1 lb. creamery, 43¢; 1 lb. butter, 44¢; 1 lb. creamery, 45¢; 1 lb. butter, 46¢; 1 lb. creamery, 47¢; 1 lb. butter, 48¢; 1 lb. creamery, 49¢; 1 lb. butter, 50¢; 1 lb. creamery, 51¢; 1 lb. butter, 52¢; 1 lb. creamery, 53¢; 1 lb. butter, 54¢; 1 lb. creamery, 55¢; 1 lb. butter, 56¢; 1 lb. creamery, 57¢; 1 lb. butter, 58¢; 1 lb. creamery, 59¢; 1 lb. butter, 60¢; **FROM TAG DAYS**

Council Leaves Question to Mayor, Who Favors Allowing "Tag"

When all the aldermen thought that the question had been decided for this year at least, the old tag day issue raised its head in the City Council last night and split the members into opposing forces pro and con. Finally the Council upset all its previous decisions by referring to the Mayor the request of the B. C. Protestant Orphanage that it be allowed to hold a "tag" after the Mayor had made it plain that he was in favor of granting the concession asked. And thus, as some of the aldermen appeared to think, the way was opened for other tag days and a return to the war-time "tag" conditions made possible.

Alderman Todd moved that the

**A COLD**

**PREVENTIVE.**

Have you ever come out of a theatre, or church or over-heated room and felt, immediately the cold night air caught your throat and breathing passages, that you were going to catch cold? That is the time to take Peps. Two or three Peps taken at once will prove an unfailing preventive. A cold developed means needless suffering and expense. Safeguard yourself by always keeping a box of Peps on hand.

They are also best for coughs, sore throat and bronchitis. All dealers, 50c. box.

Hon. John Hart, Henry C. Hall and J. B. Clearihue Speak at Fowl Bay

At the Fowl Bay district Liberal meeting, held last night in the Margaret Jenkins School, three of the four members of the Liberal ticket addressed a gathering of residents of that section, R. C. Lowe taking the chair. Messrs. John Hart, Henry Hall and J. B. Clearihue spoke during the evening, outlining various phases of the work of the administration for the last four years.

Introducing the speakers, Mr. Lowe stated that the Liberal administration had inherited a vast indebtedness when it took office, and that the members of the Liberal Government had achieved wonders in relation to the task that was ahead of them at the time they were elected. He thought that that alone would be enough for the electorate, which would decide in favor of the party it had seen honestly endeavoring to put the Province into a premier position.

**J. B. Clearihue.**

Joseph B. Clearihue opened the speaking with a resume of the moral and welfare legislation of the Liberal Government. He referred to the Workmen's Compensation Act, Mothers' Pensions Act, Minimum Wage Act, and other legislation that had been enacted for the alleviation of the lot of the people of the Province.

The speaker paid special attention to the work of the Liberal Government in taking care of the human resources of the Province, and stated that as in the past, if elected the future Liberal policy would include a very strong disposition to develop the human resources of the Province further. Night schools and technical schools under the Department of Education had been very beneficial, and in the shortening in the years of apprenticeship of the growing generation of craft workers.

The Department of Industries, inaugurated by the last Government, had proved a boon, although it had been in operation but one year. The work of this Department had aided the re-establishment of the returned men in business, and fostered development of industries in the incipient stages of their growth. He hoped to see the Indian Reserve, a thriving hive of industry under the beneficent working of the Department.

**Value of Department.**

The Department of Labor, created by the Liberal administration, stated Mr. Clearihue, had been responsible for the facile and rapid settlement of strikes, and there had been fewer strikes. It made for the co-operation of capital and labor, and put in the future more sharply define its usefulness. It was the Department of Labor that had instituted some seven employment agencies throughout the Province, which, working in absolute co-ordination with one another, had placed 1,500 every week since it had got on its working footing.

Henry C. Hall, the second speaker, opened his address with the refutation of charges and mis-statements made by the Conservative speakers in their recent addresses to the public. Both Mr. Pooley, and Ross Sutherland had told the public that the "Testators' Maintenance Act" was not a benefit, in contravention to the facts of the case. It was a lasting benefit, he stated, and a great deal more to the point than the Bowser Act.

**"Device to Mystify Public."**

He referred to the showing of films of Chinese workers on the C. N. R., claiming that it was a deliberate device of Mr. Pooley to mystify the public, while all thinking men knew the C. N. R. was in the hands of the Dominion Government, of which Mr. Pooley was supporter. Mr. Pooley knew, stated Mr. Hall, that 22,500 returned men had settled in the Province in addition to the British Columbia men who had served overseas. They were glad to have these men but it had created a strained condition in the labor market, and the present administration had made very creditable advances against that situation of strain in their term in office. Mr. Hall then spent the remainder of his address in outlining the position taken by Mr. Bowser in the

**The Mystery of Gout**

Some Interesting Pointers From the Pen of Dr. Hamilton.

"The real cause of gout is due to the excessive use of certain articles of food and drink, which in time leads to a disturbance of the functions of the liver. As a result harmful products such as uric acid are thrown into the blood, causing the condition known as gout."

"Consequently it follows that, having proper diet and maintaining liver activity, a cure can be effected. Probably no physician has achieved such success in liver disease as Dr. Hamilton."

He pills of Mandrake and Butter-nut are everywhere acknowledged to be a specific for slow, weak or sluggish liver; they give tone and vitality to this organ that enables it to perform its duties with ease and certainty.

Once the liver is corrected, Dr. Hamilton's Pills apply their peculiar merit to the kidneys and eliminating organs. This cleanses the blood and sends it back through the system, full of nourishment and strength. Rheumatic tendencies are no longer noticed, for pure blood kills the poison that causes rheumatic aches. Dull, aching twinges, stiff joints, and difficulty of exertion become things of the past.

Of course by rheumatism such complaints as sciatica, lumbago and neuralgia are included, for after all what are they but manifestations of rheumatic poison?

**DO ALL MY  
HOUSE WORK**

Before I took Lydia E. Pinkham's Vegetable Compound I Could Hardly Get About.

Cobourg, Ont.—"For many years I have had trouble with my nerves and have been in a general run down condition for some time. I could not do my work half of the time because of the trouble with my monthly sickness. I was told of Lydia E. Pinkham's Vegetable Compound by friends and advised to try it. It has done me good, and I strongly recommend it. Since I have taken it I have been able to do all my own work, and I also know friends who have found it good. You can use these facts as a testimonial."—Mrs. Ellen Platters, Box 761, Cobourg, Ont.

Why will women continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For forty years this good old fashioned root and herb remedy, which contains no narcotics or harmful drugs, has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Dominion Trust matters. Mr. Bowser should have been responsible for the arrest of the officers of the company, said Mr. Hall, when the Opposition Leader knew them to have been receiving money illegally, after their power to do so had been revoked by his administration.

**Repeats Challenge.**

Speaking last on the programme of the evening, Hon. John Hart covered largely the same ground that had been outlined by him at the Victoria West meeting at Temple's Hall on Saturday. He dealt with the mis-statements of the Conservative candidates in refutation, and challenged them to a third time to come forward and say that they supported the action of their leader on the P. G. E. Railway, and other questions. He referred at length to the water-land speculation that had ruined the Interior, he stated, and said that the Bowser candidates were advocating the irrigation of these properties at the general expense of the taxpayers of the Province. He charged the supporters of Mr. Bowser to state if they fostered that idea too. The remainder of the speech of the Liberal Finance Minister was given over to an explanation of the details of the P. G. E. contract, and the \$30,000,000 debt it had saddled on the Province.

The speakers last night were accorded a courteous hearing by some 75 people, mostly residents of the district. Mr. Hart received warm applause, while Henry Hall and J. B. Clearihue also received an appreciative hearing.

Persisted in paring his corns with a razor. Foolish when cure is so painless and sure with Putnam's Corn Extractor. Use Putnam's only—it's the best—guaranteed and painless, price 25c. at all dealers.

**CITY PROBABLY  
WILL BUILD NEW  
WIAUCT ITSELF**

City Engineer's Tender For Sub-structure Is Lowest Submitted

It is altogether probable that City Engineer F. M. Preston, and not a private contractor, will build the sub-structure of the new Johnson Street Bridge.

This became clear last night when the City Council, opening tenders for the work, found that Mr. Preston's figure was fifteen per cent. lower than either of the three submitted by contracting companies. Mr. Preston's tender was for \$177,375 and the three others were as follows: Hodgson, King & Marble, of Vancouver, \$214,174; Armstrong, Morrison & Co., Ltd., Vancouver, \$113,840; Northern Construction Company, of Vancouver, \$257,347.

The tenders were referred for consideration to a special committee composed of Aldermen Sangster, Todd, and Dinsdale. This committee will hold a meeting Friday morning and, it is expected, will make recommendations to the Streets Committee in the afternoon. It is the desire of the Council to award the contract as soon as possible in order that further delay in the bridge project may be avoided.

**WOULD PAINT CITY  
HALL CREAM COLOR**

Some unusual suggestions calculated to improve the city have been laid before the civic authorities in the course of the year, but none have caused more amusement than the plan proposed to the City Council last night by John K. Harmon. It was proposed by Mr. Harmon that the interesting red brick exterior of the City Hall be painted a lively cream color, and that window boxes containing beautiful flowers be installed on its window ledges. In this way, said Mr. Harmon, the Hall would be given a rather new and distinctive appearance and be unfamiliar with the city would not see it by unwittingly. At night a big electric sign should declare to all and sundry that the building was the seat of civic government. Mr. Harmon thought.

The Council turned down the suggestion promptly but with much laughter. "He forgets that that big sign would be taxed," suggested the Mayor.
